LIGHTING

| CATALOG 26.1 |

Niche contemporary lighting that is unique and at a favorable price point, describes Access Lighting in simple terms. A more in-depth analysis however, reveals a company that offers an extensive range of energy efficient fluorescent luminaires and cutting edge solid state lighting. An in-house conversion center allows for the customizing of fluorescent components and state-of-the-art LED options. On sight conversions allow for real time data related to availability and delivery time, particularly significant with the management of commercial projects.

Excellent product, timely shipping, and superior customer service have always been the cornerstone of the company, but it is the resolute commitment to integrity that separates Access Lighting from the crowd.

Access Lighting - we pair contemporary designs with energy efficient solutions.

## | pulsar |

dimmable reflective LED Flushmount or wall mount

A veritable gem, pulsar has a unique appearance that is both interesting and pleasing to the eye. Between 800 and 2000 lumens (model dependent) is reflected off a stunning gold or silver concave shade fashioning a dramatic light output. Pulsar is fully dimmable with a standard incandescent dimmer.

## | meteor |

LED flushmount and pendant

The meteor collection is out of this world with a 3-dimensional effect generated by the curved acrylic medium. Soft pillows of light appear to be suspended in this LED collection that intrigues the onlooker. Equipped with a multitude of LED modules, Meteor lends itself well to placement over a nook table, dining room in pairs or triplets, or as an inviting entry piece.

## | nimbus |

abstract glass flushmount and pendant

The organic shape of the Nimbus collection is notably on point with design trends. The stark contrast of the opal glass outlined with chrome keeps this collection distinctly contemporary.

Aircraft cable with a grip lock adjustability sustains the minimalist features of Nimbus.

## | pebble |

abstract glass flushmount and pendant

A far cry from commonplace, Pebble brings an artistic flair to any setting. Gently stepped opal glass in a soft triangular shape suggests texture, challenging smooth contemporary lines that are the anticipated norm. Pebble turns ordinary into extraordinary.

| ra |

LED pendant and wall sconce

Ra incorporates cutting edge LED technology and a wonderful blend of soft opal glass set in a brushed steel shade. Equipped with both an up and down light Ra illuminates the surface and lower glass, while the upper glass enhances the ambiance with an easy glow. The wall sconce prompts thoughts of ancient times, starkly contrasting with obvious present day materials and LED light.

## | chuki |

metal ribbed pendants

Available with or without an inner glass shade Chuki's attraction lies in the contrast between the metal spokes on the outer shade and the smoother inner shade or bulb. The timeless elements of Chuki make this transitional piece adaptable to multiple applications.

| astro |  
dome pendant

This is a stunning dome pendant with two color combinations. For a cool, stark application the outer white/inner silver combination is a natural choice. In contrast, the outer black/inner gold combination is warm and inviting. Regardless of your choice Astro is a focal point extraordinaire.
