

CASABLANCA®
FAN COMPANY

SIMPLY elegant

THE NEW
CASABLANCA

elegance

REFINED

Sophistication, we've decided, doesn't have to be complex. Simplicity is a form of beauty in itself. With that in mind, we set out to create a Casablanca line like you've never seen before. One that still combines artful design with the highest-quality materials, innovative engineering and flawless functionality to create the world's finest ceiling fans. Yet, streamlined and simplified to deliver more custom options and an unparalleled customer experience.

PERFECTION
made perfect

Everything you love about Casablanca is captured in the 2013 collection. But the improvements are what make this year special.

ONLY THE BEST MOTORS

Our new line consists primarily of two motor types—DirectDrive™ and DC—with some legacy XLP fans still available. Engineered to work flawlessly for the life of the fan, these high-end motors are ENERGY STAR® qualified and at the top of their class in air movement. Yet, they're among the industry's most quiet designs.

AN ARRAY OF CUSTOM BLADES

More choices doesn't mean more complicated. Choose from a much larger variety of indoor and outdoor blade designs that allows you to customize with ease. All our new blade styles are compatible with all new fans, so you can mix and match to create a fan to complement any style décor.

LIGHTING MADE SIMPLE

To help you find exactly what you want, we streamlined our lighting options. From fitters to accessory glass, all of our light fixtures work with all new fans. It's easier than ever to find the perfect fixture to match your fan.

ULTIMATE CONTROL

The most innovative and popular features from all of our controls are now in one user-friendly device that works across all new Casablanca fans and caters to a wider range of budgets. Taking control of your fan just got a whole lot easier.

CAPTIVATING DETAILS

Once we started to improve our line, we just kept going. Some new noteworthy items include: an easy-to-use hanging system with low-ceiling option and friendlier owner manuals.

A NAME THAT MEANS SOMETHING

After four decades of making our name stand for fine quality and impeccable design, we chose to ensure our name was proudly displayed on all new Casablanca fans.

CASABLANCA®
FAN COMPANY

Exquisite EFFICIENCY

At Casablanca, we've held tight to the belief that you don't have to sacrifice efficiency for beauty. Each element is designed to be as efficient as possible—so you can feel good about your energy savings and your contribution to protecting the planet. Casablanca motors move more cubic feet of air per minute (CFM) while using significantly less energy. Fan blades are set at the optimum pitch to deliver maximum airflow at any speed. Even at the highest setting, each fan uses about the same amount of power as a 100-watt lightbulb.

Our new fans are ENERGY STAR® qualified along with many that were already part of the Casablanca collection. This means they provide even greater energy efficiency (look for the ENERGY STAR logo throughout the catalog). Specific fan models are equipped with highly efficient compact fluorescent bulbs, and are California 24 compliant for maximum energy savings.

To make things simple, we've included this informational energy chart for every fan:

Airflow: X,XXX cfm	Electricity Use: XX w	Airflow Efficiency: XX cfm/w
-----------------------	--------------------------	---------------------------------

38" to 48" ceiling fans have airflow efficiencies ranging from approximately 71 to 86 cubic feet per minute per watt at high speed.

49" to 60" ceiling fans have airflow efficiencies ranging from approximately 51 to 176 cubic feet per minute per watt at high speed.

CONSERVATION TIP: Operating a fan in an unoccupied room wastes energy, so turn it off when leaving the room.

EVERY CASABLANCA FAN IS BACKED BY 120-DAY IN-HOME SERVICE

Should your Casablanca fan not meet your satisfaction, we will send a trained representative to your home to service it. Simply call us at 1-888-227-2178 for referral to your local Authorized Service Center. If In-Home Service is not available in your area, Casablanca offers pre-paid freight to make it easy for you to send the fan to the Casablanca Factory Service Center. It will be repaired and returned to you at no charge.

Casablanca's Comprehensive Warranty, the most extensive in the ceiling fan industry, also includes:

LIFETIME MOTOR WARRANTY

All Casablanca fan motors, even on Damp- and Wet-rated models, are guaranteed for life.

ONE-YEAR PARTS AND ELECTRONICS WARRANTY

Each fan includes a one-year warranty on finish, component parts, accessories and electronics.

With this extensive coverage, you can enjoy the beauty, quality and performance of your Casablanca products for decades to come.

CUSTOM Casablanca

CHOOSE YOUR BLADES INSIDE

1 STEP

DETERMINE IF YOUR FAN IS FOR INDOOR OR OUTDOOR USE
Any Casablanca fan can be installed indoors, but look for these icons to quickly see if the fan is also rated for outdoor use.

2 STEP

SELECT YOUR MOTOR DESIGN AND FINISH
Each collection page shows available motor styles and finishes.

3 STEP

CHOOSE YOUR BLADE FINISH AND SHAPE
The fold out to the left will serve as an easy side-by-side reference to help you select the perfect blade set for your fan.

4 STEP

SELECT YOUR LIGHT FIXTURE AND GLASS
Look for our design team's lighting recommendation for each collection, or choose from all available options shown on pages 81-84.

5 STEP

DECIDE IF YOU NEED AN ACCESSORY CONTROL
Every fan comes with either a wall control or 4-speed pullchain, but you can choose to add the optional remote control.

Get help creating your dream fan at www.customcasablanca.com

99U69Z

Burnished Brass motor with Mahogany blades and optional exclusive KG99A-69 light fixture

In the electric era of the 1800s, fans were characterized by spiral ceiling rods and centrally placed blade holders. The 19th Century fan pays tribute to these early traditions and adds elements of classic gaslight designs. The intricate, ornate patterns recall decorative influences of cast metal parts and tin-type moldings reminiscent of the period.

FEATURES

- XLP-2000™ motor / lifetime motor warranty
- 54" blade span
- Set of 4 exclusive blades included
- Low Ceiling Adapter (LCA) is not compatible
- Requires additional hanging support (included)
- Minimum 9' ceiling required
- Decorative canopy cover may not be used on a sloped ceiling or with a Sloped Ceiling Adapter (SCA)

Brushed Cocoa motor with
Reclaimed Antique blades

With a rich finish and exquisite detailing that echo the medallions and paneling of neoclassical architecture, the Alessandria ceiling fan is a timeless accent for the home. The fan's carved featherwood blades and fully dimmable lighting with Scavo glass add Old World warmth, elegance and comfort to interior settings.

FEATURES

- Direct Drive™ motor / lifetime motor warranty
- 54" blade span / 14° blade pitch
- Set of 5 exclusive carved featherwood blades included
- Integrated 75-watt uplight with five 15w bulbs included
- Integrated 100-watt downlight with two 50w T4 halogen bulbs included
- Low Ceiling Adapter (LCA) is not compatible

ALESSANDRIA®

Note: Model C27G546H will transition to model number 59057 in spring 2013.

CONTEMPORARY Chic

C43G45L

Brushed Nickel motor with reversible Walnut / Burnt Walnut blades

Inspired by the world-famous train, the Bullet is all about speed. This powerful performer moves a lot of air with maximum style. For unmatched performance in spacious loft environments, get on board.

FEATURES

- Direct Drive™ motor / lifetime motor warranty
- 54" blade span
- Set of 4 exclusive blades included
- Includes 2.5" and 12" downrods
- Integrated 100-watt downlight with one R7S halogen bulb included
- Minimum 9' ceiling required when using downrod cover
- Requires additional hanging support (included)
- Low Ceiling Adapter (LCA) is not compatible

Shown without downrod cover

BULLET

59065

Brushed Nickel motor with reversible Espresso / Walnut blades

Tercera may mean "third," but it should be first on your list for a small or medium-sized room. With its sleek triple-blade configuration and vintage curves, this contemporary classic combines the best of old and new.

FEATURES

- Direct Drive™ motor / lifetime motor warranty
- 52" blade span
- Set of 3 exclusive blades included
- Integrated 100-watt dimmable downlight with two 50w T4 halogen bulbs included
- Low Ceiling Adapter (LCA) is not compatible

3245Z

Brushed Nickel motor

Not included (shown with):
B32-DW Dark Walnut blades

In the spirit of contemporary design, form follows function in fluid contours, swept-wing blades and integrated halogen lighting. This original classic appeals to many tastes because of its timeless beauty and selection of finish options.

FEATURES

- XLP-2000™ motor / lifetime motor warranty
- 54" blade span
- 5-blade configuration / exclusive blades sold separately
- Integrated 100-watt downlight with one T4 halogen bulb included
- No-light cap option sold separately (STLHC-xx); not available in -72 finish
- Low Ceiling Adapter (LCA) is not compatible
- Requires additional hanging support (included)

STEALTH®

C45G695B

Alpha Bronze motor with Dark Cherry blades and Toffee glass

Now more than ever, the Stealth DC lives up to its name, featuring our quietest motor yet. Casablanca's new DC technology is also extremely powerful and highly efficient—four to five times more than other motors. So while the fan may be quiet, the news won't be for long.

FEATURES

- DC-165 motor / lifetime motor warranty
- 54" blade span
- Set of 5 exclusive blades included
- Integrated 100-watt downlight with one T4 halogen bulb included
- No-light cap option sold separately (STLHC-xx); not available in -695 finish
- Low Ceiling Adapter (LCA) is not compatible
- Requires additional hanging support (included)

C16G73L

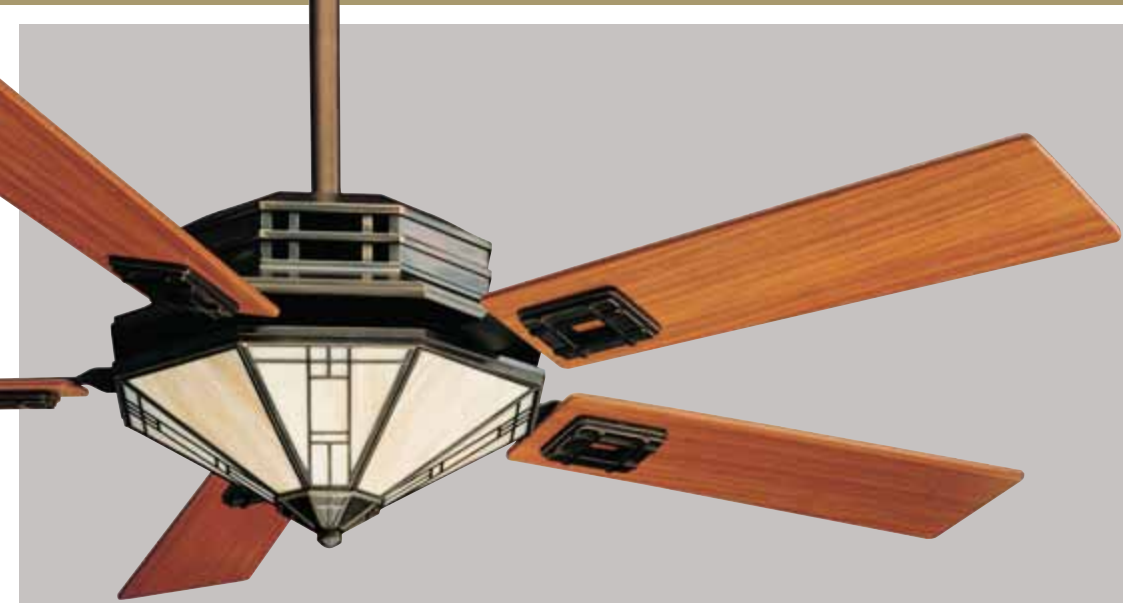

Oil-Rubbed Bronze fixture and motor with
Candelier Dark Walnut blades

Add the warm, intimate ambience of candlelight to a spacious room with the Candelier II ceiling fan. The fixture's ingenious design features 48 candles in varying heights and colors nestled around an Oil-Rubbed Bronze ring that houses a sleek, three-blade ceiling fan. Candles are fitted with LED bulbs that effectively capture the natural flickering motion and incandescent glow of real candles.

FEATURES

- XLP-2000™ motor / lifetime motor warranty
- 48" diameter / 30" blade span
- Set of 3 exclusive Candelier Dark Walnut blades included
- Includes uplight with 48 LED flickering bulbs and 48 candles
- Includes eight 10-watt halogen downlights with bulbs
- Minimum 9' ceiling required
- Includes exclusive hanging system
- Low Ceiling Adapter (LCA) is not compatible
- Sloped Ceiling Adapter (SCA) is not compatible

CANDELIER II™ XLP EXCLUSIVE included

97052Z

Bronze Patina motor with
Teak blades and Amber shade

Simplicity. Craftsmanship. Elegance. The Mission fan captures the original inspiration of the Arts and Crafts movement. Share in this historic period of home decoration with a Casablanca masterpiece that reveals geometric design elements, genuine art glass and natural metal finishes.

C19500K

Aged Bronze motor

Not included (shown with): Adirondack outdoor carved featherwood blades in Reclaimed Antique

During the Industrial Revolution, innovations in manufacturing enabled artisans to create furniture from cast iron. The Heritage fan incorporates many of the design details featured in antique castings, including vertical ribbing on its motor housing, raised type on the switch cap, and a custom cobblestone texture on the fan body, cap and inset portions of the blade medallions.

FEATURES

- XTR200™ 30mm motor / lifetime motor warranty
- 60" blade span
- Set of 5 exclusive outdoor blades sold separately
- Moisture-resistant motor and enclosed housing
- Stainless steel hardware
- ETL rated for wet locations (use only wet-rated light fixtures for use in wet locations)
- Minimum 9' ceiling required
- Low Ceiling Adapter (LCA) is not compatible
- Requires additional hanging support (included)

OUTDOOR FOUR-LIGHT FITTERS

FOUR-LIGHT KITS

- A: 99087**
Outdoor Four-Light Fixture, 56 watts, Aged Bronze
- B: 99088**
Outdoor Four-Light Fixture, 56 watts, Snow White
- C: 99089**
Outdoor Four-Light Fixture, 56 watts, Cottage White
- D: 99090**
Outdoor Four-Light Fixture, 56 watts, Brushed Cocoa
- E: 99091**
Outdoor Four-Light Fixture, 56 watts, Maiden Bronze
- F: 99031**
Four-Light Fitter, 56 watts, Cottage White
- Other available finishes:
99029 Snow White
99030 Basque Black
99032 Alpha Bronze
99033 Maiden Bronze
99034 Aged Bronze
99103 Brushed Nickel
99104 Provence Crackle
99105 Brushed Cocoa

Compatible with all fans except the Heritage, Holliston, Holliston DC, Malibu Star, New Orleans Centennial, Panama XLP, Victorian and Wailea.

- G: K134A-2**
Four-Light Swivel-Arm CFL Fitter
56 watts, Bright Brass
- Other available finishes:
K134A-4 Antique Brass
K134A-11 Snow White
K134A-45 Brushed Nickel
K134A-73 Oil-Rubbed Bronze

Compatible with all fans.

- H: K164A-4**
Four-Light Long-Arm Fitter
56 watts, Antique Brass
- Other available finishes:
K164A-11 Snow White
K164A-45 Brushed Nickel
K164A-72 Architectural White
K164A-73 Oil-Rubbed Bronze

Compatible with all fans.

- I: K4SA-45**
Deluxe Four-Light Fitter
56 watts, Brushed Nickel
- Other available finishes:
K4SA-2 Bright Brass
K4SA-4 Antique Brass
K4SA-8 Matte Black
K4SA-11 Snow White
K4SA-72 Architectural White
K4SA-73 Oil-Rubbed Bronze
K4SA-546 Brushed Cocoa
K4SA-624 Bullion Black

Compatible only with Panama XLP, Holliston, Holliston DC, Heritage and New Orleans Centennial.

INTEGRATED CONTROLS

With simple two-wire installation and intuitive integrated controls designed exclusively for—and included with—specific fan models, Casablanca fans are easy to install and even easier to use. The integrated controls are available in wall-mounted or hand-held models and offer adjustable fan speed, direction settings and lighting levels. Select models also offer the following advanced programmable features for total environmental enhancement:

- Safe-Exit™** – provides 20 seconds of gradual light dimming, showing you safely to the door
- Home-Safe™** – controls lights in an irregular sequence, making a home appear occupied
- Fan Minder™** – incrementally reduces fan speed to maintain comfort at night
- Light Minder™** – saves energy by turning lights off automatically after two hours

A

B

C

D

E

A: Intelli-Touch3® (W-84 Dual Light, W-85 Single Light)

- Wall-mounted control
- Six forward and reverse fan speeds
- Full-range light dimming
- Safe-Exit™
- Home-Safe™
- Fan Minder™
- Light Minder™

B: New Universal Control ^{NEW}

- Wall-mounted control
- Battery-powered
- Four forward and reverse fan speeds
- Full-range light dimming
- CFL auto detect
- Damp Rated
- Safe-Exit™

C: Direct-Touch® (W-74 Dual Light, W-74 Single Light)

- Wall-mounted control
- Four forward and reverse fan speeds
- Full-range light dimming
- CFL mode
- Safe-Exit™
- Home-Safe™
- Fan Minder™
- Light Minder™

D: DC 6-Speed

- Hand-held remote
- Six forward and reverse fan speeds
- Full-range light dimming

E: Prime-Touch® (W-505)

- Hand-held remote (optional wall plate bracket included)
- Three forward and reverse fan speeds
- Full-range light dimming
- CFL mode

ACCESSORY CONTROLS

Casablanca also offers a complete line of optional accessory controls, which allow homeowners to optimize the functionality of their fans based upon personal preferences.

A

B

C

D

E

F

G

A: Intelli-Touch3® (W-64 Dual Light, W-65 Single Light)

- Wall-mounted control
- Six forward and reverse fan speeds
- Full-range light dimming
- Safe-Exit™
- Home-Safe™

B: New Universal Control System (99019) ^{NEW}

- Hand-held remote and canopy-mount receiver
- Four forward fan speeds
- Full-range light dimming
- CFL auto detect
- Damp Rated

Compatible with Ainsworth, Brescia Pullchain, Capistrano, Charthouse, Compass Point, Panama (55xxx), Utopian and 52" Tribeca fans.

C: New Universal Remote (99020) ^{NEW}

- Hand-held remote only
- Four forward and reverse fan speeds
- Full-range light dimming
- CFL auto detect
- Damp Rated

Compatible with 60" Ainsworth Gallery, 60" Tribeca, Brescia Control, Capistrano Gallery and Utopian Gallery fans.

D: Direct-Touch® (W-75 Dual Light, W-75 Single Light)

- Hand-held remote
- Four forward and reverse fan speeds
- Full-range light dimming
- CFL mode
- Safe-Exit™
- Home-Safe™
- Fan Minder™
- Light Minder™

E: Single (W-41) and Dual (W-81) Rotary Controls

- Wall-mounted control (almond and white)
- Four forward fan speeds
- Full-range light dimming (W-81 only—requires third wire for installation)

Compatible with 3-Speed and 4-Speed pullchain models with XTR200™ and XLP-2000™ motors.

F: Single (W-24W) and Dual (W-28W) Slide Controls

- Wall-mounted control (almond and white)
- Four forward fan speeds
- Full-range light dimming (W-28W only—requires third wire for installation)

Compatible with 3-Speed and 4-Speed pullchain models. Not for use on XTR200™ motors.

G: Adapt-Touch® (W-52)

- Hand-held remote (optional wall plate bracket included)
- Three forward fan speeds
- Full-range light dimming

Compatible with 3-Speed and 4-Speed pullchain models equipped with a Hang-Tru® canopy. Not recommended for use in outdoor locations.

HANGING SYSTEM

Casablanca makes installation a do-it-yourself, one-person operation. Casablanca's hanging system supports the fan from the ceiling, leaving both hands free to make wiring connections. The self-centering ball makes sure the fan hangs straight, even on ceilings with up to 32-degree slope (for greater slopes, use a Sloped Ceiling Adapter).

Casablanca's threaded downrod locks the fan permanently in place and is the sturdiest, easiest to install downrod on the market. Higher ceilings? Casablanca offers optional downrods in lengths up to 96" to satisfy virtually any installation requirement.

Extras included
Everything you need is included with your Casablanca fan, including light bulbs, batteries for remotes, and even a handy screwdriver. Casablanca delivers "Quality In Every Detail.™"

Low Ceiling Adapter (LCA-*)

Low ceiling adapters are available in many Casablanca finishes.

Low Ceiling Adapter (LCA)

Sloped Ceiling Adapter (SCA-P)

Use Model SCA-P for slopes from 32 degrees to 56 degrees. If using the SCA-P with Academy, Academy Gallery, Brescia, Capistrano, Charthouse, Compass Point, Holliston, Mission, Panama (55xxx), Tribeca or Whitman, you must purchase a Hang•Tru® canopy (Part #19222Oxx). Specify finish to match fan. Use hanger pack included with fan.

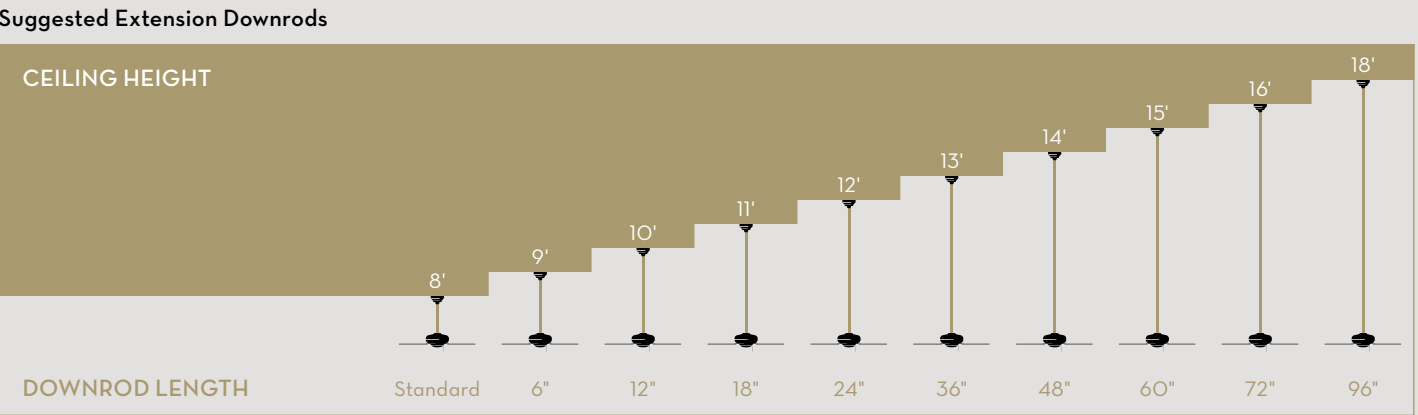

Sloped Ceiling Adapter (SCA)

DOWNRODS

Fan Models		
Academy	Charthouse (3" std.)	Stealth
Academy Gallery	Colorado (12" std.)	Tercera
Ainsworth (3" std.)	Compass Point (3" std.)	Tribeca (7" std.)

Candelier II (9" std.)	19th Century (12" std.)	
Capistrano	Panama	

Extension Downrod Lengths (Model PL*xx)
12", 18", 24", 36", 48", 60", 72" and 96" (*= finish to match fan, xx= downrod length). See ceiling height/downrod length guide below.

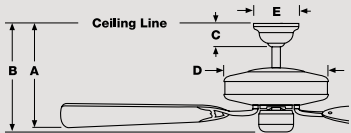

Note: For best performance and appearance, an extension downrod should be used with your Casablanca fan when installing on a high or sloped ceiling. Casablanca offers extension downrods in lengths up to 8' (96"). The chart lists the most common ceiling heights and suggested downrod lengths. For safety reasons, the fan blades must be a minimum of 7 feet above the floor. For more information, see your Casablanca dealer.

Gallery Edition models include coordinating blades, light fixture and glass. Fans with the notation "Requires Additional Hanging Support" are packaged with the necessary hardware.
