● Digimarc enabled pages

Corbett Lighting is excited about incorporating Digimarc® Discover, a free app in the iTunes® App store and Google Play™ store which gives you access to enlightening information about our products and the inspirations behind our company, our fixture designs and manufacturing processes. View the latest videos and other extra content on smartphones and tablets. Here's how: 1. Download the Digimarc® Discover app. 2. Look for the  3. Hold your device three to six inches above that image and let your camera focus anywhere on the picture. 4. Wait for the chime and watch the content come to life as your Web browser links to our videos and extra information. The ● in the Contents list indicates pages that are Digimarc enabled.

The wattage listed for each fixture is the maximum safe capacity. Recent government actions have restricted the availability of standard incandescent lamps. Decorative incandescent as well as (medium base) halogen, LED and CFL will continue to be available alternatives.
