SAFEGUARDING TRADITION

CHALLENGING CONVENTION

COLLABORATION

Working in unison, our design team incorporates the latest “next-trend” materials and techniques across our complete line of lighting, furniture, art, and accessory brands. Together, these creative threads form an array of complimentary home furnishing options.

TRADITION

For more than 30 years, discerning customers have known the ELK name to be synonymous with a commitment to transcend the boundaries of innovation and style while offering artful lighting and décor products.

CRAFTSMANSHIP

From inspiration to design, our curators carefully select quality materials and the appropriate techniques to capture the essential elements of each collection. The character, depth, and richness of the finished pieces reflect the ingenuity and passion of our collective desire to distinguish and define our brand.

THE UBIQUITY OF NATURE'S
INSPIRATION FUELS OUR MINDS
AND CAPTIVATES OUR HEART

COMMUNITY

The foundation of our social responsibility programs is ingrained in the ideal that the support given today benefits the generations of tomorrow. We provide aid to organizations such as Habitat for Humanity, Concourse for Kids, the Embrace Kids Foundation, and many local community programs. We also fight global deforestation through a semi-annual tree planting initiative and limit the use of natural resources through implementation of the latest energy-saving lighting technologies.

INNOVATION

Our award-winning, international team of designers and engineers brings visionary thinking to the ELK product-development process; we constantly strive to echo themes from the past while creating the styles of the future. In this quest, we uphold a pioneering role in the development of technical and aesthetic aspects that challenge convention.

STANTON

The Stanton Collection reinterprets the globe into a modern classic. A key design feature is the curving arms that mount from the outer framework and extend inward, which leaves the center open and airy. Hexagonal metalwork finished in a two-tone Weathered Zinc/Brushed Nickel finish gives a modern edge.

GENEVIEVE

This series offers a brilliant display of shimmering crystal with upscale aesthetics. High quality polished crystal is laced into a lattice patterned Polished Chrome or Oil Rubbed Bronze metal band, creating a stunning interplay of light and texture. A frosted glass diffuser adds functional downlight to this enchanting design.

LABORATORY

This collection was cleverly designed around our filament tube shaped bulbs by incorporating them into the actual shape of the Weathered Zinc framework. With a socket on one end and a faux socket on the other, the bulbs seem to form a continuous electrified circuit.

XENIA

These fixtures showcase a unique linear design with unequal length arms that pass through the fixture's central connection. The metal arms can be easily adjusted from a near parallel position to a loosely gathered look. An Oil Rubbed Bronze finish and optional filament bulbs complete this innovative series.

DELPHINE

The collection displays an explosion of light from a center core with optional vintage bulbs and thin arms on a starburst style frame finished in Oil Rubbed Bronze or Polished Chrome.

C O N T I N U U M

The Continuum collection celebrates the simplicity of a wave pattern that is found universally in industrial products. Its socket and light bulb combination are integrated into the framework and compliment its linear, circuit-like design. The frame is finished in Silvered Graphite with Polished Nickel hardware and industrial grade stainless steel cables.

RIDGEVIEW

Inspired by exposed structures, the Ridgeview collection has attractive linear metalwork finished in a two-tone Weathered Zinc and Polished Nickel finish. This sleek design is further enhanced with a unique sliding bar system that enables easy removal of the seedy glass panels for cleaning, but also adds a sharp design detail to the frame's edges.

SCHOOLHOUSE PENDANTS

In the early 1900's, schoolhouses, banks, and other public institutions began using fully enclosed pendants that not only gave off an abundance of light, but were also easy to clean and maintain. The period authentic styling is reflected in the fluted or patterned white blown glass or clear glass and matching hardware finished in Polished Chrome, Satin Nickel and Oiled Bronze. These exclusive pendants exemplify the uncompromising historic styling.

GRAMERCY

The Gramercy collection embellishes attractive glass forms with impeccably detailed metalwork and elevates the design beyond a simple glass pendant. This series has custom designed cast metal parts from top to bottom, joined together by an attractive combination of extension rods and chain. Finishes include Classic Brass, Polished Nickel, Satin Nickel, Polished Gold, Weathered Zinc, and Oil Rubbed Bronze with clear and opal white glass options.

The Cumbria collection is designed around a braid-patterned ring from which a twisted center column and a cascading diffuser emanate from. This series is constructed using our crystal filigree technique of carefully lining the frame with glass beading to highlight the frame. Once this is done, small polished crystals are inserted into the open spaces, creating a glamorous fretwork appearance. An Aged Silver finish compliments this majestic design.

The true source of the Amazon was discovered in 1953 to be a small stream, The Huarco, in the Andes Mountains of Peru. The thick canopy of foliage that surrounds this meandering waterway was the inspiration for the collection. The refreshing green leaves invoke a feeling of a tropical rain forest. Complimenting the hand-blown amber glass, the base of each blossom is adorned with chestnut hues clasping clear crystal droplets.

Understated Sophistication

D I F F U S I O N

The centerpiece of this collection is the antique charm of mercury glass that is modernized through a softly diffusing beige organza drum shade. The clean and simplistic Oil Rubbed Bronze finished metalwork supplies a striking contrast to the lighter colored shades.

GEOWEB

This series features layered geometric shapes to form an intricate webbed design. Finished in Urban Concrete and shown with an optional filament bulb.

LILA

The gracefully contoured wooden louvers that comprise our stunning Lila pendant form an attractive curved silhouette, while a Matte Black finish adds drama.

T E T R A

The Tetra collection represents a modern approach to tiffany. Using triangular cut pieces of glass, each fixture is assembled in a triangular pattern to create a visually pleasing geometric shape. Finish combinations include white glass with a Polished Chrome finish or mercury glass with Oil Rubbed Bronze.
