

FINE ART LAMPS®

SUPPLEMENT VOLUME 201

LIGHTING SINCE 1940

Perhaps the most elegant and graceful shape for a diamond is the marquis formed by two curves intersecting. This is the inspiration for a new collection of lighting by Fine Art Lamps. Available in Florentine brushed gold leaf with antiqued candlesticks, platinized silver leaf with warm gray candlesticks or antique hand rubbed bronze with antiqued candlesticks. Table lamps feature marquis shaped laminated cream or white fabric shade with stream-lined, rolled-over edges. All are available with either smooth polished crystals or hand cut faceted crystals.

AVAILABLE IN GOLD LEAF, PLATINIZED SILVER LEAF
OR ANTIQUE BRONZE WITH SMOOTH POLISHED
OR HAND CUT FACETED CRYSTALS

C

Taking inspiration from an iconic square in the heart of London, which is considered the most dynamic city today from the standpoint of smart style and design, Fine Art Lamps has initiated a lighting product program of gradually and steadfastly introducing solid brass transitional shapes in both antique brass and polished nickel. The umbrella for this developing collection is Grosvenor Square, filled with classical houses now being furnished with today's looks.

AVAILABLE IN POLISHED NICKEL OR ANTIQUE BRASS

Constructivism as an architectural philosophy originated in Moscow in 1919 as an expression of Russian futurism. Fine Art Lamps glass artist Frank Englesby has created a technique of crystal cobbles in the spirit of Constructivism. Individually cast pillow-shaped glass pieces are fused at high temperature in a hand-laid cobblestone pattern of individual lenses creating a fascinating light diffuser and sculptural form. A triumph of studio glass artistry! Our multi-pendant program offers infinite possibilities that can create an impact in any space with simplicity, sparkle and sophistication. See page 29 for more information.

PENDANT CANOPY

NO. 401-CDKIT CORD COVER
 Silver leaf cord cover contains three 12" sections and one 6" section for maximum coverage of 3.5 ft.
 Sold separately.

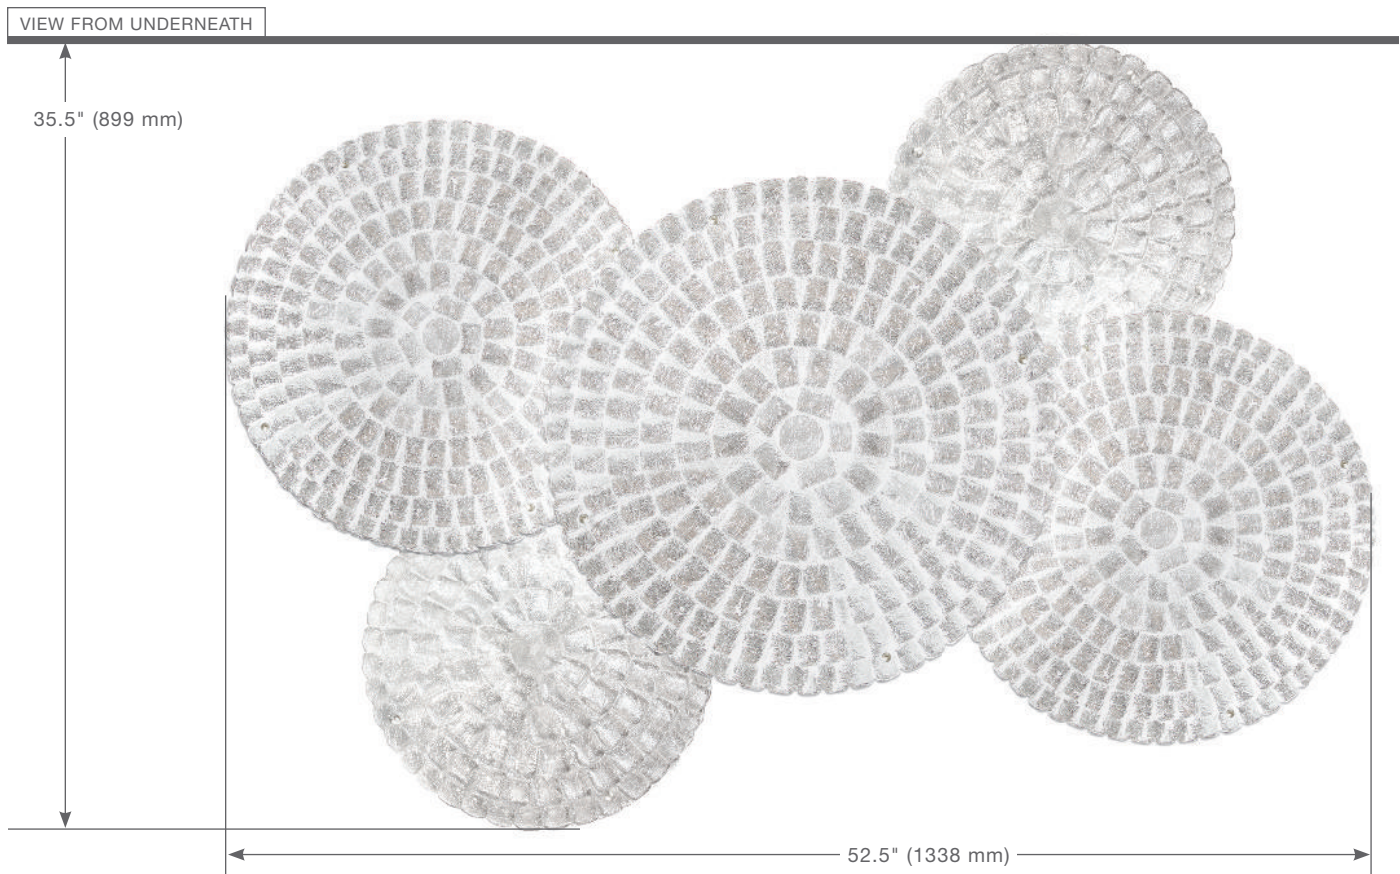

How It Works

Through Fine Art Lamps customization program you can create infinite possibilities. Design your own original pendant combination or have us create one specifically for your area. Simply provide your ceiling height, desired maximum drop length and the dimensions or square footage of the area the fixture will occupy. Feel free to provide us with an image or sketch. We will provide you with a list of Constructivism item sizes and quantities required, along with a detailed schematic. Installation instructions containing sequence and specifications will be provided with the product. Since these layouts require multiple junction boxes, we highly recommend installation by a qualified electrician. The following pages depict multi-pendant possibilities. To begin your custom Constructivism multi-pendant design, contact your Territory Manager or Account Services Representative.

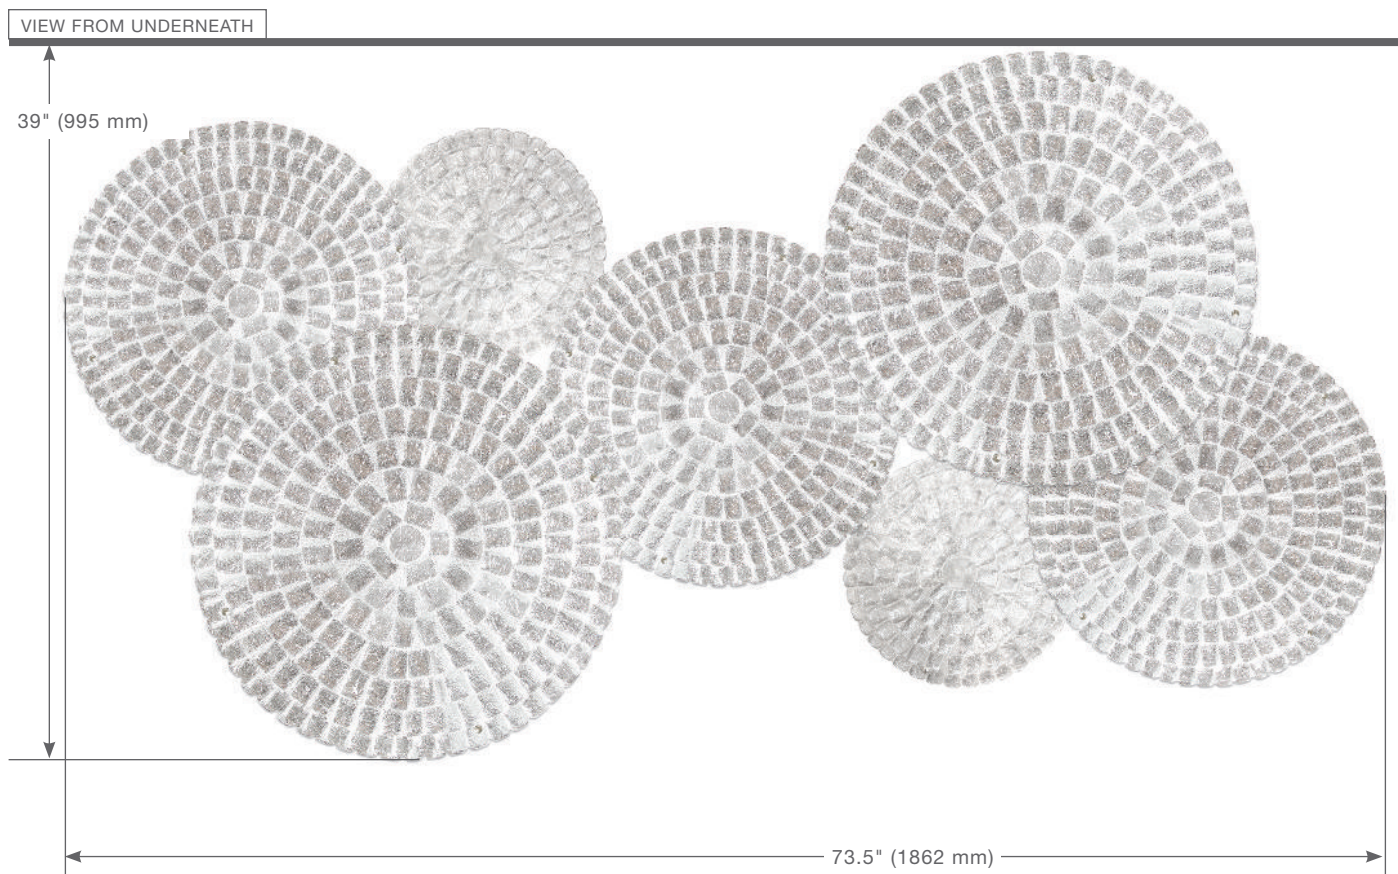

The standard high for multi pendant configurations is maximum of 6' (1829 mm). Fixtures can be ordered with longer cords as a custom request.

The standard high for multi pendant configurations is maximum of 6' (1829 mm). Fixtures can be ordered with longer cords as a custom request.

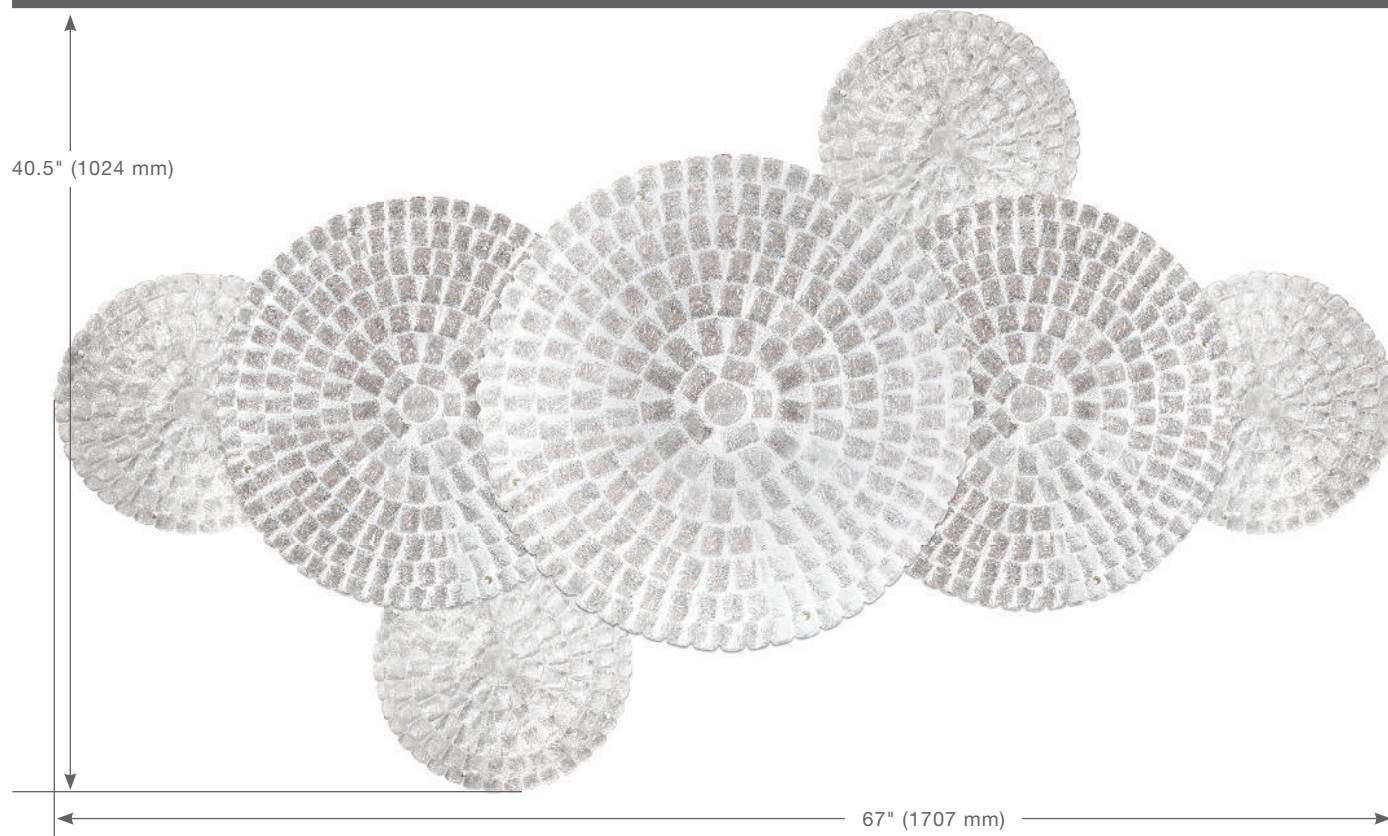

FRONT VIEW

One large pendant (843240), two medium pendants (843040), four small pendants (842840).

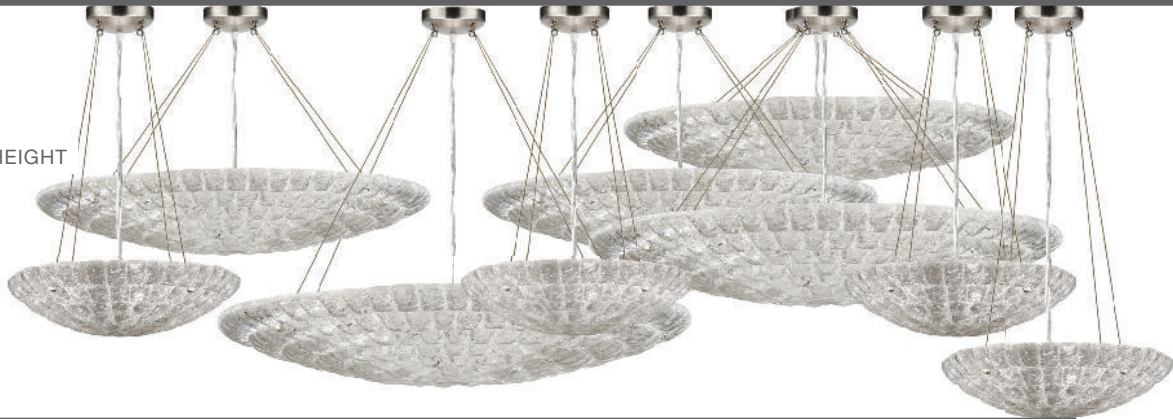

The standard high for multi pendant configurations is maximum of 6' (1829 mm). Fixtures can be ordered with longer cords as a custom request.

RIVER OAKS

River Oaks, the beautifully designed and tastefully planned enclave in Houston, is an appropriate designation for a new outdoor lighting collection by Fine Art Lamps. Repetitive metal rectangles in a dark bronze finish, form an oval cylinder surrounding a narrowing, conforming off-white glass oval cylinder.

HOLLAND PARK

Holland Park, one of the finest neighborhoods of London with beautiful homes and a graceful park, lends its name to a new collection of outdoor lighting by Fine Art Lamps. Classical Greek inspired hexagonal forms in a warm antique bronze finish with hand cast seedy glass and romantic candles.
