Light for Life

I only went out for a walk and finally concluded to stay out till sundown, for going out, I found, was really going in. John Muir, American author and naturalist

Rediscover the beauty and majesty of the great outdoors. Maxim Lighting celebrates the simple wonders of nature with innovative outdoor lighting that complements the character of a home. As the sun sets, our exterior collections create a warm, inviting al-fresco atmosphere.

While illuminating nature's beauty, Maxim Lighting also preserves it. Select wall mounts, posts, and hanging lanterns in a variety of designs, finishes, and materials are energy saving, come equipped with ENERGY STAR certification, and Dark Sky lighting to help ensure that future generations continue to enjoy the magnificent outdoors.

MAXIM® LIGHTING

VIVEX™ Outdoor Lighting

Beauty that Lasts. Maxim Lighting's outdoor collections made with Vivex™ are non-corrosive, UV resistant and are backed by a 3 Year Limited Warranty.

Exclusively from Maxim Lighting, Vivex, the new standard in outdoor lighting, boasts a winning combination of innovation, intricate design capabilities, quality construction, and astonishing finishes. Combined, these elements create outdoor fixtures that are non-corrosive, UV resistant, and backed by a Three-Year Limited Warranty.

Vivex and Innovation

- With over twice the strength, Vivex is far superior to the polyurethane resin material used in traditional outdoor lighting.
- Vivex withstands temperatures greater than 130°F and less than -20°F.

Vivex and Design

- Injection under pressure into quality steel molds makes Vivex a very hard and dense component.
- The molding process frees designers' creativity, enabling them to implement imaginative designs without the restrictions imposed by the traditional resin process.

Vivex and Quality

- A special paint finishing process with superior adhesion qualities developed specifically for Vivex resulted from a joint effort between the material manufacturer, the paint manufacturer, and Maxim Lighting.
- Maxim Lighting oversees the entire Vivex production process from molding to finishing.
