

# Assembly Instructions For

# 9614 (E) 1/08

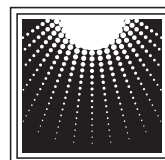

## READ ALL INSTRUCTIONS BEFORE ASSEMBLING LAMP

Carefully unpack lamp parts onto carpeted surface or blanket and identify all parts.

1. Grasp Cord that exits from Base and pull carefully until any excess Cord in between parts is removed.
2. Thread Center Body into Base and turn to tighten.
3. Secure glass shade into place by fastening counter ring onto socket.
4. Place Socket Assembly on Center Body. Turn to tighten. Then set lamp upright on Base.
5. Install a Type B, 60 Watt Max. Candelabra Base Bulb (not included) into Socket as noted on relamping label at Socket area.

## IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Never use with a extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.
