

**IMPORTANT**  
**TURN OFF POWER AT MAIN FUSE OR**  
**CIRCUIT BREAKER BOX BEFORE**  
**STARTING INSTALLATION**

**Carefully unpack and identify all parts before assembly.**  
**Bulbs are not included.**

1. Install arms onto center body by fastening with machine screws. Use enclosed hex key to tighten machine screws.
2. Take fixture wires and ground wire exiting above center column and thread through center body, fixture plate, flat washer, lock washer and hex nut. Lock all together by tightening hex nut.
3. Lay glass shade inside of pan, and then install pan onto bottom of arms by fastening with machine screws. Use enclosed hex key to tighten machine screws.
4. Install bulbs (not included). See relamping label located at socket area for type and maximum allowed wattage.
5. Follow enclosed **“Fixture Installation Instructions”** for electrical and fixture installation onto ceiling outlet box.
