

**IMPORTANT:**  
**TURN OFF THE POWER AT THE MAIN FUSE OR CIRCUIT BREAKER BOX BEFORE STARTING INSTALLATION.**

**Carefully unpack and identify all parts before assembly. Bulbs are not included.**

1. Screw center pipe onto fixture plate while removing any slack in wires in between parts.
2. Install arms:
  - A. Install top section of arms onto fixture plate by fastening with round washer and hex nut from other side.
  - B. Install bottom section of arms onto crown by fastening with short screw.
3. Install long threaded pipe by screwing into coupler located at center of socket assembly. Note correct position at illustration.
4. Install light bulbs (not included). See relamping label located near socket area for type and maximum allowed wattage.
5. Follow enclosed **"Multiple Standard Installation Instructions"** for electrical and fixture installation onto ceiling outlet box.
6. Slide glass shade through the long threaded pipe till it securely checks onto crown. Secure in position by fastening with a round washer and hex nut. Do not over tighten.
7. Slip font onto same threaded pipe and secure with finial.
