BARCELONA FAMILY

The namesake of our Barcelona is a living history book of architectural styles: from Roman ruins to the Renaissance; from the exuberance of the Spanish baroque to the fantasy creations of Antoni Gaudi, which are a style unto themselves. With its glass of Amber Indian Scavo and the Mystic Silver finish of its metal frames, columns, flamboyantly scrolling arms, and its finials and ornamentation, our Barcelona series wouldn't be out of place in a building of the Baroque, or in one of Gaudi's works, or in your own castle.

MARCELA FAMILY

The Old World tradition of forged iron finds a fresh, modern interpretation in Marcela. Individual elements—like the arms of a chandelier—reflect the solidity and sturdy craftsmanship of generations of artisans in Spain, France and throughout the continent. An Oiled Bronzed finish is another homage to this European heritage. These traditional features are brought to life in the 21st century with a new twist built on classic lines.

SALENTO FAMILY

On the Southeastern-most border of Italy lies Salento, a peninsula flanked by the Ionian and Adriatic seas. Steeped in thousands-year-old history, influences of baroque and rococo architecture dot the landscape. Our Salento celebrates the richness of this region with a design that recalls antiquity. Delicate, imperfectly curved arms appear to bear the weight of candlestick-styled lights, and a leaf motif and imperfect asymmetry pay homage to the rococo influence.

BOHEMIAN MARIEN FAMILY

The great dressed chandeliers of the late Georgian period in England, of which the Bohemian-Marien chandeliers are a superb example, were the height of luxury at the time, being both very expensive and intricate in their production. Today, electric lighting contributes to the minimal upkeep required to maintain the dressed crystal chandeliers without compromising the sumptuous beauty of the fixtures.

CONCORD FAMILY

Avant-garde artistry is the hallmark of fixtures in the Concord Family. Sleek lines, cylindrical shapes and travertine accents combine to create fixtures that make a bold statement without an abundance of ornamentation. An oiled bronze finish tempers the modern style, while the chrome and satin nickel options provides a thoroughly modern look.

PRAIRIE FAMILY

The design influence for our bold, sculptural Prairie is obvious from the name: the Prairie School of American architecture, whose most illustrious practitioner was Frank Lloyd Wright. With suggestions of stylistic touches of Art Nouveau as well, in which Wright was steeped, the Prairie series is distinguished by the simple, straight lines of its frames and arms, which are finished in Toasted Sienna. Glass is Antique Amber Scavo.

Modern and industrial with the slightest hint of rustic charm, the Solo is truly an architectural delight. Clean lines and a cylindrical shape add to its interesting profile, while the contrast of the Oiled Bronze finish against a white acrylic shade make it quite the show stopper – whether it's in a downtown loft or a suburban dining room.

ALAMEDA FAMILY

Crafted in the tradition of Old-World European design, the Alameda recalls the romance of centuries-old architectural detailing. Scrolling, rope-wound arms add a touch of femininity to the rustic creation, and soft, ethereal light radiates from the waxy pillar candle-style light source.

CAPELLA FAMILY

Our designers looked to the fresh influence of the Italian baroque in creating Capella's profile with its scrolling arms, ornate center column, bobeches, finials, and leaf accents. The steel frame in Toasted Sienna finish with the Amber Scavo glass balance the flair and keep Capella simple.

NOOK

As the arms curve up, down and around they are intertwined with leaves and tendrils of delicately fashioned metal that seem to flow like a stream on its sea-bound journey. Victorian influences are apparent, as is the renowned artisanal ironwork of Mexico. Amber Linen glass completes a combination of beauty and tradition.

SPENCER FAMILY

Our designer took a traditional profile, retained some of the flourishes and details, and simplified the lines. The result—a basic but versatile collection that can grace a range of interior styles and appeal to a variety of tastes. The diamond metal tubing of the frames and pendants is available in four finishes: Toasted Sienna, Mystic Silver, Oiled Bronze and Old World with Amber Scavo shades and Classic Nickel with Faux Alabaster shades.

WILLINGHAM FAMILY

Impressively substantial, the Willingham Family is well suited for wide open spaces and stately ceiling heights. The almost delicate feel of the lights gently resting on their arms soften the overall impression and provide an instantly calming atmosphere.
