HOW TO ORDER
Orders are placed with authorized Oxygen sales representatives.

WAREHOUSE/ORDERING HOURS
Warehouse operations are open from 8:00am - 5:30pm Central Standard Time Monday through Friday.

CREDIT APPROVAL
For new accounts, a completed and signed Oxygen credit application must be in our possession before credit verification can begin. We use the services of Dun & Bradstreet and other credit reporting companies for credit analysis. We report delinquent accounts to those companies. We fill orders only after credit approval. Orders for past due accounts are not shipped until the account status is current.

FREIGHT CLAIMS
We assure that products are in good condition prior to packing and shipping. We are not responsible for shipments after they leave our warehouse. The carrier signs for acceptance at that time. Customers must examine all arriving shipments for evidence of damage or breakage, and must refuse acceptance or file a claim with the carrier for compensation. UNDER NO CIRCUMSTANCES SHALL OXYGEN BE RESPONSIBLE FOR DAMAGE IN U.P.S./FED EX SHIPMENTS. All shipments are FOB Oxygen's warehouse in Fort Worth, Tarrant County, Texas.

PAYMENT TERMS
Specific terms of sale are indicated on all invoices.

SHIPPING POINT FOR ALL PURPOSES
All shipments are FOB Oxygen's warehouse, In Fort Worth, Tarrant County, Texas.

SHIPPING METHOD
For orders of $300 or more: Freight charges for standard LTL commercial delivery or parcel delivery will be equal to 10% of the total order amount. For orders of less than $300: Freight charges for standard LTL commercial delivery or parcel delivery will be equal to 30% of the total order amount. Please note that we do not have any minimum order restrictions. If you wish to pay the freight charges directly to the carrier, please provide your account number for the carrier of your choice. If payment terms are Open Account, freight charges are billed based upon the value of merchandise that actually ships and the freight charges for backorders or future releases, if any, are billed using the same freight rate as the original order. If payment terms are Prepaid, freight charges for the entire order are billed with the initial shipment or release and back orders or future releases, if any, ship freight prepaid. We contract with LTL freight carriers (such as YRC Freight Lines) for standard commercial delivery only. Residential delivery or accessorial services that you may require from an LTL carrier (such as inside delivery, re-delivery, call for appointment, lift gate request, etc.), will incur freight charges that are in addition to the freight rates stated above. If you advise us that you need such services when you place your order, we will prepay for the services and add them to your invoice. Otherwise, the freight carrier will bill you directly for such additional services. Parcel shipments (such as UPS) will not incur additional freight charges for residential delivery or accessorial services.
