

ASSEMBLY AND INSTALLATION

INSTRUCTION

Please read carefully and save this instruction, as you may need them at a later date.

CAUTION

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock. If you are unfamiliar with proper electrical wiring connections, please consult of a qualified electrician before installing

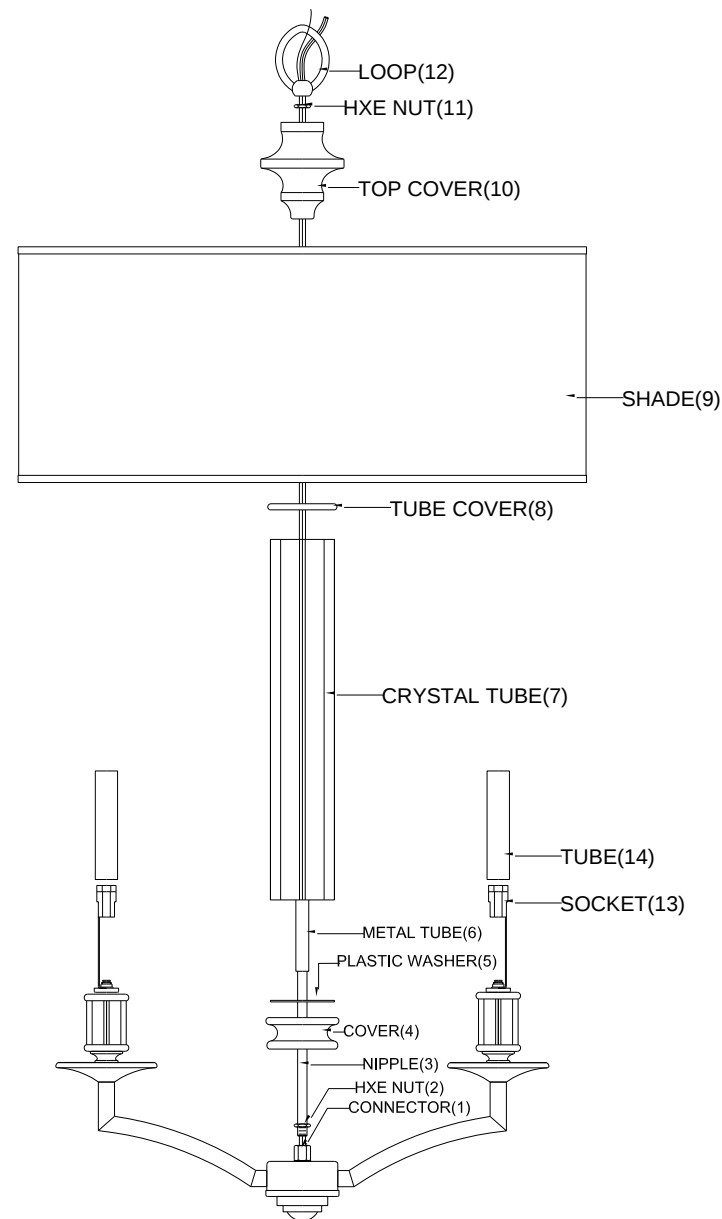

Installing Step:

Remove the fixture and the mounting package from the box and make sure that no parts missing in the box.

1. Screw the Nipple (3) into the Connector (1) with Hex nut (2).
2. Attach cover (4), plastic washer (5), metal tube (6), crystal tube (7), tube Cover (8), shade (9) and Top cover (10) onto the Nipple (3), then screw them with the Nut (11).
3. Finally, screw the Loop (12) onto the nipple (3) tightly.
4. Insert the Tube (14) onto the socket (13).
5. Install bulbs: (Bulbs not including in the package)

(Please don't exceed the maximum capacity that recommended on the Sockets)

INSTALLATION IS NOW COMPLETED.
