

ASSEMBLY AND INSTALLATION

INSTRUCTION

Please read carefully and save this instruction, as you may need them at a later date.

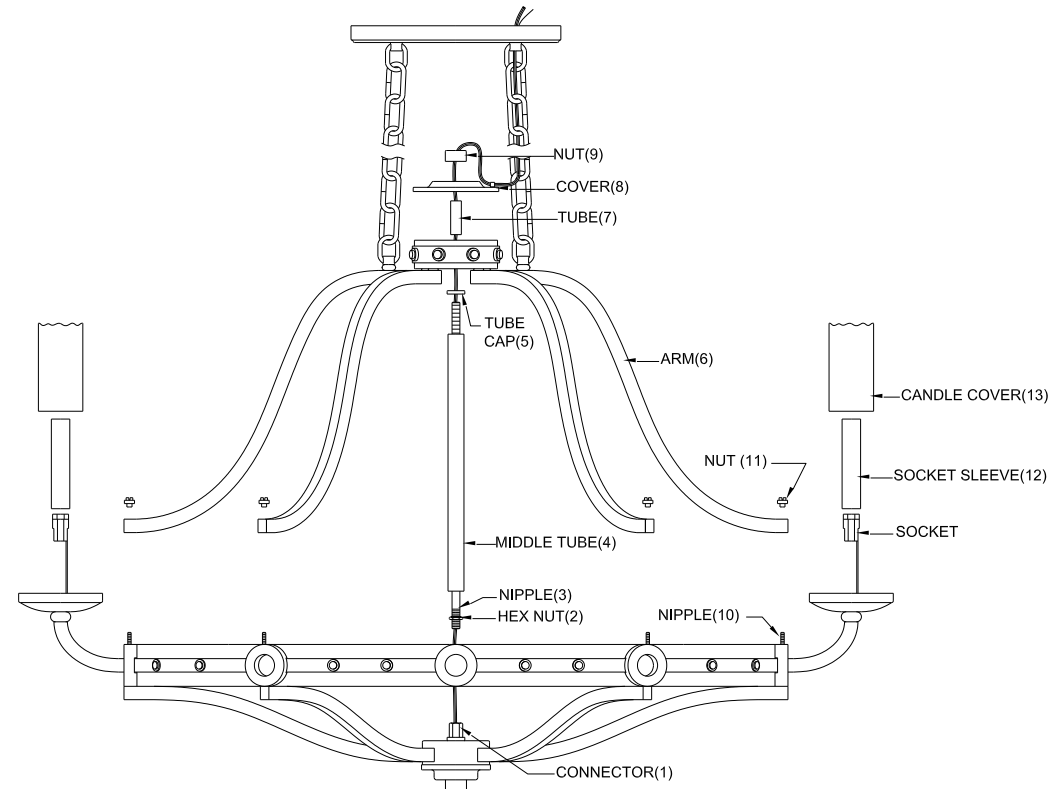

CAUTION

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock. If you are unfamiliar with proper electrical wiring connections, please consult of a qualified electrician before installing

Installing Step:

Remove the fixture and the mounting package from the box and make sure that no parts missing in the box.

1. Screw the Nipple (3) into the Connector (1) with Hex nut (2), attach Middle Tube (4), Tube cap (5), arm (6), Tube (7) and Cover (8) onto the Nipple (3).
2. Fix the arms (6) onto the Nipple (10) on the Metal frame, screw the arms (6) with the Nuts (11).
3. Screw the Nut (9) onto the nipple (2) tightly, pull the electric wire through the chain.
4. Insert the socket sleeve (12) onto the socket, then put the Candle cover (13) over the socket sleeve (12).
5. Install bulbs: (Bulbs not including in the package)
(Please don't exceed the maximum capacity that recommended on the Sockets)
