

## ASSEMBLY INSTRUCTIONS

**ITEM NO.: 1-4084-6-16**

B → A → I → C → D → E → F → G → H

1. Unravel the fixture supply and ground wires and pass the wires through the center of center column and fixture loop (I). Thread the center column (B) to the coupling at the top of fixture body (A)
2. Thread the fixture loop (I) onto the center column (B).
3. Locate the decorative arm (C) and attach to the stud of fixture body (A) and center column (B) and secure with ball nut (D) as shown in the illustration.
4. Thread the nipple (E) into the coupling at underside of fixture body (A). Hands tighten until snug.
5. Thread the finial (F) onto the nipple. Hands tighten until snug.
6. Carefully place each glass (G) onto each socket and secure with socket ring (H).
7. Install proper bulbs to each socket referring to the markings and labels of the fixture for maximum wattage.
8. Remain this sheet for future reference.
