

ASSEMBLY AND INSTALLATION

INSTRUCTION

Please read carefully and save this instruction, as you may need them at a later date.

CAUTION

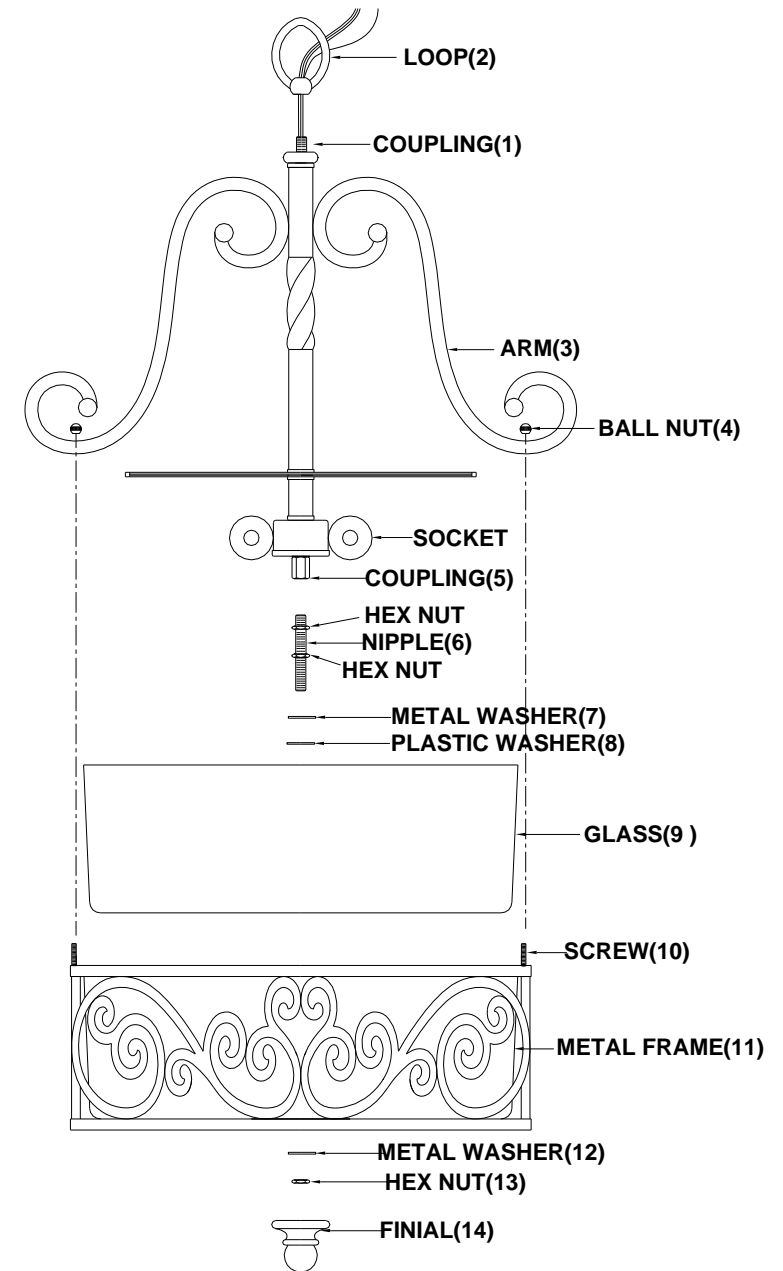

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock. If you are unfamiliar with proper electrical wiring connections, please consult of a qualified electrician before installing

Installing Step:

Remove the fixture and the mounting package from the box and make sure that no parts missing in the box.

1. Screw the Loop (2) onto the Nipple (1)
2. Install bulbs: (Bulbs not including in the package)
(Please don't exceed the maximum capacity that recommended on the Sockets)
3. Screw the Nipple (6) into the Coupling (5) with Hex nuts.
4. Put the Glass (9) into the Metal frame (11).
5. Attach the Metal washer (7), Plastic washer (8), Glass (9), Metal frame (11) onto the Nipple (6), meanwhile fix the Screws (10) through the holes on the arms (3), then screw with the Ball nut (4).
6. Attach the Metal washer (12) at the bottom of Metal frame (11), then screw with the Hex nut (13) and Finial (14) to tighten the Metal Frame (11).

INSTALLATION IS NOW COMPLETED.
