

ASSEMBLY AND INSTALLATION

INSTRUCTION

Please read carefully and save this instruction, as you may need them at a later date.

CAUTION

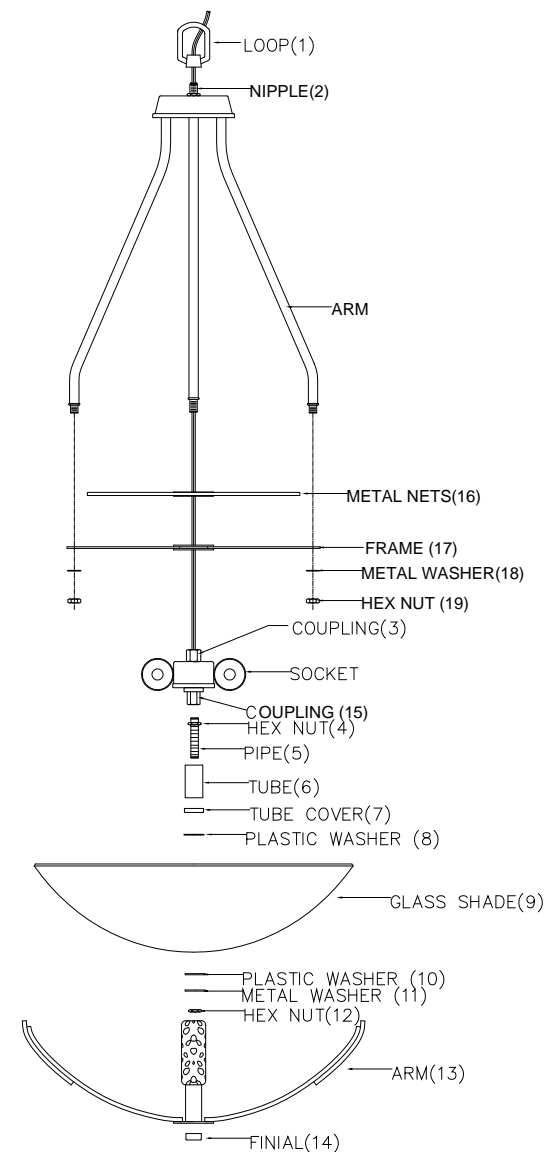

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock. If you are unfamiliar with proper electrical wiring connections, please consult of a qualified electrician before installing

Installing Step:

Remove the fixture and the mounting package from the box and make sure that no parts missing in the box.

1. Thread the Loop(1) onto the Nipple(2).
2. Thread the centre tube onto the Metal Nets(16) and Frame(17), then four arms through the Frame(17), thread the Metal Washer(18) and Hex Nut(19) tightly.
3. Thread the Socket onto the Coupling(3), then screw the Pipe(5) onto the Coupling(15), thread the Hex Nut(4) tightly.
4. Put the Tube(6) onto the Pipe(5), then put the Tube Cover(7) onto the Tube(6), Add the Plastic Washer(8), Insert the Glass Shade (9) onto the Pipe(5).
5. Put the Plastic Washer(10) and Metal Washer(11) onto the Glass Shade(9), then thread the Hex Nut(12) tightly.
6. Put the Arm(13) onto the Glass, then screw the Finial(14) tightly.
7. Install bulbs: (Bulbs not including in the package)
(Please don't exceed the maximum capacity that recommended on the Sockets)

INSTALLATION IS NOW COMPLETED.
