# FILIGRAE

Filigrae by Schonbek was inspired by the fine wire workmanship used to create delicate costumes for the masquerade balls of the Renaissance. Its ornate detail represents an extraordinary time when beauty was prominent in everything, and creativity and innovation were everywhere.

Filigrae de Schonbek está inspirada en los refinados trabajos de artesanía con alambre utilizados para crear los disfraces de los bailes de máscaras del Renacimiento. Sus detalles ornamentales evocan una época extraordinaria en la que la belleza era primordial y en la que la creatividad y la innovación estaban omnipresentes.

Filigrae de Schonbek s'inspire de la fine dentelle de métal utilisée pour créer les délicats costumes des bals masqués de la Renaissance. Ses détails richement ornés évoquent une époque extraordinaire, lorsque la beauté importait plus que tout, et la créativité et l'innovation étaient omniprésentes.

# GENZANO

Beautifully detailed to highlight Schonbek's capabilities, Genzano is a chandelier for the ages. Inspired by a city in Italy which hosts an annual flower festival, Genzano's cast arms are created into intricate petal shapes, while sunflower silhouettes peer through droplets of crystal. This floral-inspired, exclusive design will add a touch of elegance for generations to come.

Decorada con hermosos detalles que permiten realzar las prestaciones de Schonbek, Genzano es una lámpara de araña para la eternidad. Inspirada en una ciudad Italiana en la que cada año se celebra el festival de las flores, los brazos moldeados de Genzano terminan en complejas formas de pétalo y sus lágrimas de cristal dan paso a delicadas siluetas de girasol. Este exclusivo diseño de inspiración floral aportará un toque de elegancia a las generaciones venideras.

Magnifiquement rehaussé de détails qui mettent en valeur les compétences de Schonbek, Genzano est un lustre qui traverse les époques. S'inspirant d'une ville en Italie qui accueille chaque année un festival des fleurs, Genzano arbore des bras en fonte en forme de pétales élaborés, tandis que les silhouettes de tournesol sautent entre les gouttelettes de cristal. Ce design exclusif d'inspiration florale ouvrira une note d'élégance aux générations à venir.

ECLYPTIX  
EC1328N-401A1

# ECLYPTIX

The name Ecliptix is derived from a term meaning, “the great circle of the sun’s path among the stars.” The glistening crystals encompassed by a circular, shaded chandelier are reminiscent of stars in the sky. The style of Ecliptix is an attractive combination of traditional and contemporary. The balance of the shade and crystal form a gentle, downward light with breathtaking ambiance.

El nombre Ecliptix se deriva de un término que significa “el gran círculo que dibuja la trayectoria del sol entre las estrellas”. El brillo de los cristales contenidos en esta luminaria circular con pantalla evoca a las estrellas del firmamento. El estilo de Ecliptix podría decirse como una atractiva combinación de estilo tradicional y contemporáneo. El equilibrio entre la pantalla y el cristal da lugar a una luz descendente y sutil que crea un ambiente impresionante.

Le nom Ecliptix provient d’un terme signifiant « le grand cercle représentant la course du soleil parmi les étoiles ». Les cristaux scintillants intégrés dans un lustre circulaire et ombré évoquent les étoiles dans le ciel. Le style d’Ecliptix est une combinaison séduisante de tradition et de contemporain. L’équilibre entre l’ombre et le cristal génère une lumière douce et descendante, et une ambiance exceptionnelle.

# CHANTANT

Meaning “to sing” in French, Chantant’s symphony of crystal strands seem as if they rise and fall in a visual rhythm.

The melody of sparkle performed by Chantant’s interplay of crystal and light will forever reflect beauty.

Chantant focuses on the beauty of light produced by so many strands of crystals, available in Heritage or SPECTRA® CRYSTAL.

La sinfonía de hileras de cristal de Chantant, que significa “cantante” en francés, da la sensación como si se subieran y bajarán a un ritmo visual.

La melodía de brillo que irradia la interacción del cristal y la luz de Chantant reflejará siempre la belleza.

Chantant se centra en la belleza de la luz producida por las suaves hileras de cristales, disponibles en cristal Heritage o SPECTRA® CRYSTAL.

Chantant, comme son nom l’indique, est une symphonie de guirlandes de cristal qui semblent se lever et s’abaisser dans un rythme visuel.

La mélodie de léclat interprétée par le jeu du cristal et de la lumière à travers Chantant reflète la beauté à tout jamais.

Ce modèle souligne la beauté de la lumière produite par de douces guirlandes, disponibles en cristal Heritage ou SPECTRA® CRYSTAL.

FONTANA LUCE  
FL7068N-49H

# FONTANA LUCE

Fontana Luce is inspired by the picturesque fountains seen in the old piazzas of Italy, and means “fountain of light” in Italian.

The crystals act as sparkling crystal droplets pouring into a pool of light, collected by a beautiful glass basin handmade in Italy.

Fontana Luce se inspira en las pintorescas fuentes de las antiguas piazzas de Italia que signifi ca en italiano “ fuente de luz”.

Los cristales actúan como brillantes gotas de cristal que caen en un estanque de luz y son recogidas por una hermosa vasija de vidrio que está elaborada en Italia.

Fontana Luce s'est inspiré des pittoresques fontaines que l'on trouve sur les vieilles places d'Italie, et signifi e « fontaine de lumière » en italien.

Les cristaux agissent comme des gouttelettes étincelantes se déversant dans un faisceau de lumière, collectées par un superbe bassin en verre fait main en Italie.

# TRILLIANE STRANDS

One of the most iconic Schonbek chandelier families, Trilliane, adds a new styling to its selection, a design with seemingly endless crystal strands.

This new Trilliane joins its sister chandeliers using the same reversed crystal pendeloques technique that revolutionized the crystal chandelier industry many years ago, and which creates a beautiful crystal crown effect.

This Trilliane is made with treasured, time-honored crystal pendeloques blended with strands of eye-catching crystal octagons, available in Heritage or SPECTRA® CRYSTAL.

Una de las familias de lámparas colgantes más emblemáticas de Schonbek, Trilliane, aporta un Nuevo estilo a su selección, un diseño con interminables hileras de cristal.

Este nuevo modelo de Trilliane se une a sus lámparas colgantes homólogas utilizando la misma técnica de almendras de cristal que revolucionó la industria de las lámparas colgantes hace muchos años, y que crea un precioso efecto de corona de cristal.

Esta nueva versión de Trilliane está elaborada con almendras de cristal de larga tradición, mezcladas con hileras de llamativos octágonos de cristal. Está disponible en cristal Heritage o SPECTRA® CRYSTAL.

Appartenant à l'une des familles de lustres les plus emblématiques de Schonbek, Trilliane ajoute un nouveau style à la sélection, un modèle arborant des lianes de cristal qui semblent infinies.

Comme ses pairs de la famille Trilliane, ce nouveau lustre utilise la même technique de pendeloque en cristal retourné qui a révolutionné l'industrie des années auparavant et crée un splendide effet de couronne.

Ce modèle Trilliane est constitué de précieuses et vénérables pendeloques en cristal combinées à des rangs de séduisants octogones disponibles en cristal Heritage ou SPECTRA® CRYSTAL.

# CRYSTAL TYPES

## CRYSTALS FROM SWAROVSKI

Available in a myriad of colors, effects, shapes, and sizes, crystals from Swarovski offer designers a fabulous palette of inspiration, and are produced according to the innovative, lead-free\* Advanced Crystal standard. Born out of a passion for detail and high-precision cutting, these precious ingredients impart refined glamour to everything they embellish. They can be recognized by the 'Crystals from Swarovski' Seal, which serves as a certificate of authenticity that identifies products made with genuine Swarovski crystals.

Disponibles en una multitud de colores, efectos, formas y tamaños, los cristales de Swarovski ofrecen a los diseñadores una excelente gama de inspiración y son producidos con arreglo a las normas innovadoras de calidad de Cristal Avanzado sin plomo\*. Procedentes de una pasión por el detalle y el tallado de alta precisión, estos ingredientes valiosos integran el glamour refinado en todo aquello que decoran. Se pueden reconocer por el Sello 'Cristales de Swarovski', que sirve como certificado de autenticidad que identifica a los productos elaborados con auténticos cristales de Swarovski.

Disponibles dans une myriade de couleurs, d'effets, de formes et de dimensions, les cristaux Swarovski offrent aux créateurs une fabuleuse palette d'inspiration et sont fabriqués selon les standards novateurs de la formule sans plomb\* Advanced Crystal. Nés de la passion pour le détail et pour l'art de la taille de la plus grande précision, ces composants précieux confèrent un glamour raffiné à tout ce qu'ils embellissent. Ils se reconnaissent grâce au Sceau « Crystals from Swarovski », véritable gage d'authenticité destiné aux produits finis exclusivement ornés de véritables cristaux Swarovski.

## ADVANCED CRYSTAL

### ADVANCED CRYSTAL ...

- ... is a patented, lead-free\* crystal formula without any compromises regarding quality.
- ... still provides the same sparkle, dependability, and variety for which Swarovski has always been famous.
- ... combines perfect light distribution with the highest luminosity and color intensity and forms a crystal with infinite brilliance.

\*Crystal glass and all other materials containing 0.009 % lead or less. Formula is patented in the US and 16 European countries.

### ADVANCED CRYSTAL ...

- ... es una fórmula patentada sin plomo\* que cumple con todos los estándares de calidad.
- ... proporciona el mismo brillo, fiabilidad y variedad por los que Swarovski siempre ha sido famoso.
- ... combina una perfecta distribución de la luz con una elevada luminosidad e intensidad y da vida a un cristal con un brillo infinito.

\*Cristal y otros materiales con contenido en plomo igual o menor al 0,009%. La fórmula está patentada en EE.UU. y dieciséis países europeos.

### ADVANCED CRYSTAL ...

- ...est une formule de cristal brevetée, sans plomb\*, sans compromis sur la qualité.
- ...offre à l'identique l'éclat, la fiabilité et la variété qui font depuis toujours la réputation de Swarovski.
- ...associe une parfaite distribution de la lumière à une luminosité et une intensité de couleurs maximales, et forme un cristal à l'infinie brillance.

\* Le verre de cristal et tous les autres matériaux contiennent un taux de plomb inférieur ou égal à 0,009 %. La formule est brevetée aux États-Unis et dans 16 pays européens.

## SPECTRA® CRYSTAL

SPECTRA® CRYSTAL stands for machine cut Swarovski crystal with reliable Swarovski quality. SPECTRA® CRYSTAL has been a registered trademark since 1999 and offers the most important cuts in clear crystal.

SPECTRA® CRYSTAL es sinónimo de cristal Swarovski tallado a máquina con calidad Swarovski fiable. SPECTRA® CRYSTAL es una marca registrada desde 1999 y ofrece los cortes más importantes en cristal claro.

SPECTRA® CRYSTAL signifie que le cristal Swarovski est taillé à la machine d'une qualité Swarovski fiable. SPECTRA® CRYSTAL est breveté depuis 1999 et garantit la meilleure qualité d'une pièce taillée dans du cristal transparent.

## HERITAGE

This heirloom quality crystal is characterized by visual purity, sharp faceting and precise polishing, offering shining clarity at industry standards. Also available in an array of beautiful colors.

Este cristal se caracteriza por su pureza visual, por su marcado facetado y por su pulido de precisión que, en conjunto, ofrece una luminosidad excepcional como estándar industrial. También disponible en una variedad de bonitos colores.

Ce cristal de qualité patrimoniale se caractérise par sa pureté visuelle, son facetage net et son polissage de précision, offrant une clarté étincelante avec des standards industriels. Également disponible dans une variété de superbes couleurs.
