Instructions for electrician
STEPS 2 - 6

N L

WASHER

SCREW(S)
(NOT SUPPLIED)

RUNNING THREAD

GROUND WIRE

LIGHT BODY

NUT

HALF BALL
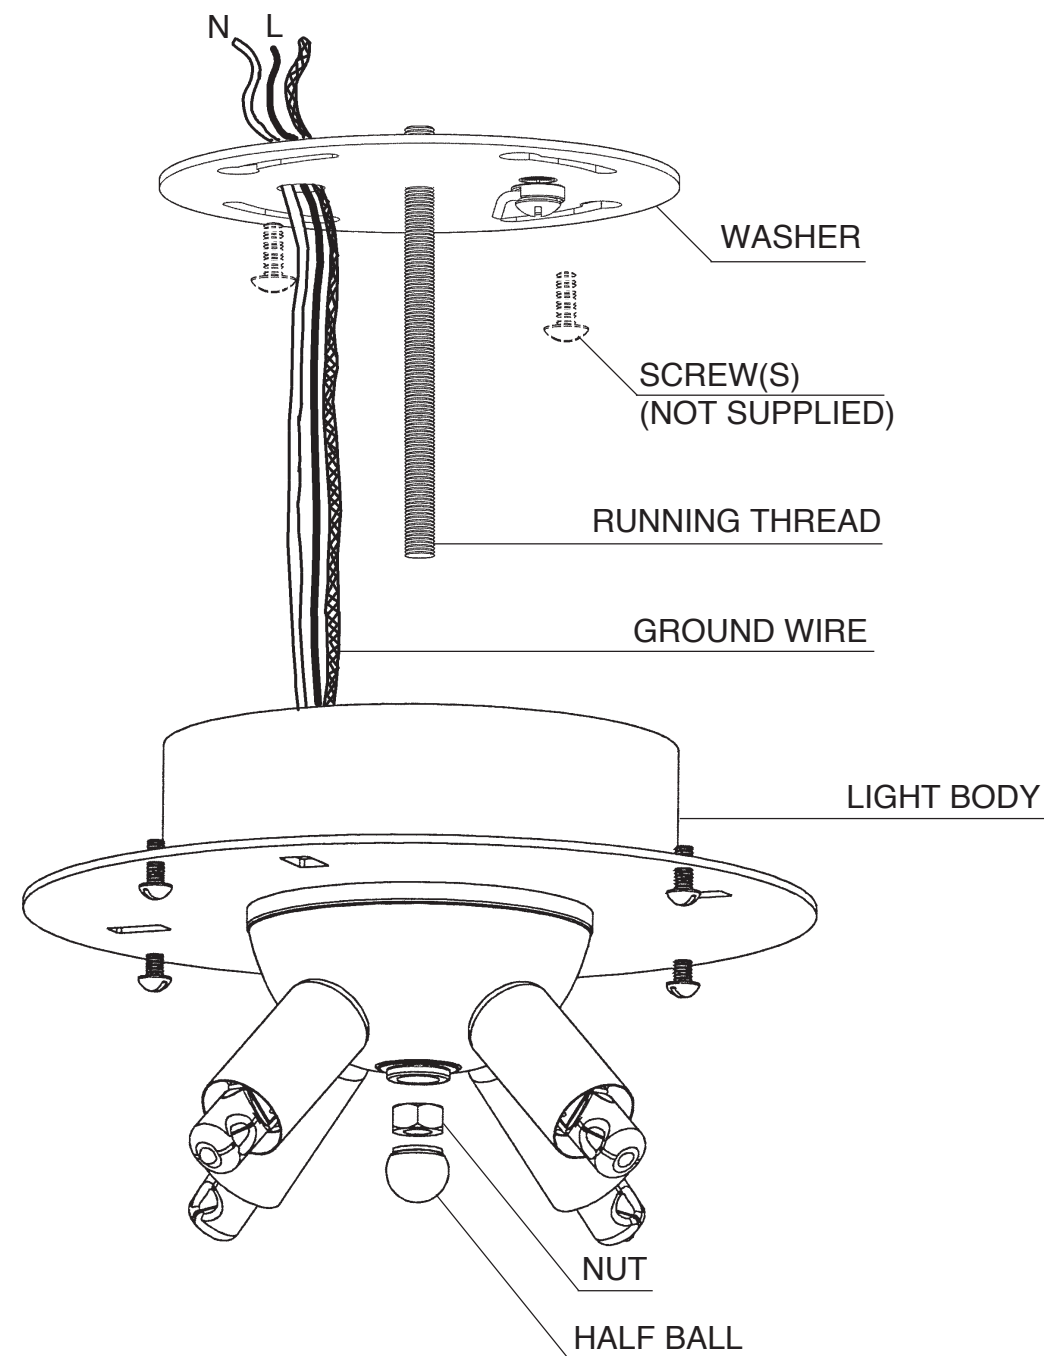

2 MAKE SURE POWER IS DISCONNECTED BEFORE INSTALLING OR MAINTAINING THIS FIXTURE.

3 Attach washer to ceiling with screws (not supplied).

4 Connect wires. Fixture MUST be grounded. If in any doubt consult a qualified electrician.

5 Slide light body over running thread and secure in place with nut and half ball.

6 Insert bulbs into sockets and test for proper wiring before hanging trim from fixture.

Instructions for crystal trimming
STEPS 7 - 9
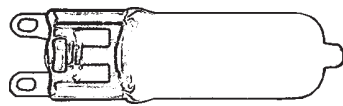

4 - G9 JCD
(Supplied - Schonbek #JCD-G9-40)
40 Watts Max
Install bulbs and be sure to test
fixture BEFORE assembly.
MIN 75°C SUPPLY
CONDUCTORS

To avoid damaging, do
NOT touch bulb with bare
hands. Install bulb with
clean cloth or tissue.

7 Place slots in top plate over screws on the light body.
Turn fixture slightly until it is securely in place. Tighten
the (4) screws to lock the top plate in place.

8 Install bottom crystal grid with four thumb nuts (already
screwed onto grid) to bottom of the chandelier.

9 Hold chain "A" by the top square crystal. (NOTE: Flat
side of large crystals face out and chains are also
symmetrical so either end will work!) When trimming a
ST fixture, alternate hanging A & A1 chains. Insert
bottom square crystal into the pocket of bottom crystal
grid. Then position the top connector (between the top
two crystals) into the top plate pocket opening directly
above the bottom crystal grid pocket. (Diagram #1)
Lower the chain until the top square stone seats itself into
the top plate pocket. When the chain is installed
correctly, it will be held in place by both top and bottom
pockets.
