

THIS DESIGN IS THE PROPRIETARY
TRADE DRESS/TRADE MARK OF
SWAROVSKI LIGHTING, LTD.

8 Lights
Diameter: 18"
Body Length: 7-1/2"
Hanging Weight: 9 lbs.

SCHONBEK® is a member of the Swarovski group.

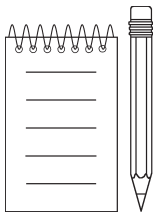

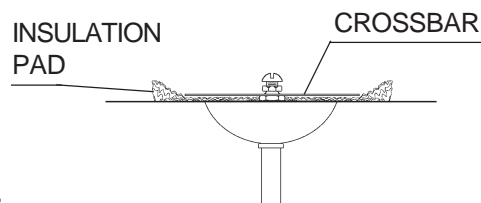

All electrical components must be installed by a licensed electrician in accordance with the National Electric Code and the appropriate local electrical codes.

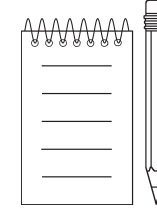

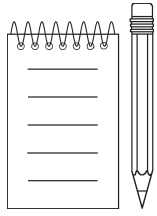

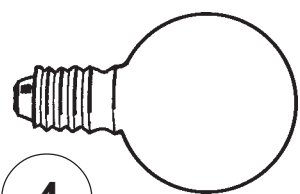

1 Remove crossbar from light cluster and reflector. Attach to outlet box in ceiling.

2 Place gallery ring over chrome reflector and light cluster. Connect fixture ground wire to grounding screw in outlet box and complete connections of fixture conductors to main power leads. Fixture **MUST** be grounded.

3 Slide assembled parts - gallery ring together with chrome reflector (insulation pad above) and light cluster over thread attached to crossbar and secure with finial assembly. Make sure entire assembly is firmly against the ceiling. If the outlet box is not flush with ceiling, it may be necessary to adjust the thread attached to crossbar. Install bulbs and test power to insure proper wiring before hanging trim from fixture.

GALLERY
RING

5 Hang all Crystal Chains "A" from every other
hole in the gallery ring so that the metal accessories
face outwards and so that the large jewels are on the
upper end. Hook other end with small jewels into
finial assembly pin holes.
