

ASSEMBLY INSTRUCTION

SKU#AC5881

NOTE: Please consult a qualified electrician if you are not certain of installation or servicing.

CAUTION: Before starting installation or servicing, disconnect power by turning off the circuit breaker or by removing the fuse at the fuse box.

1. Carefully unpack the fixture, lay out all parts on a clean surface.
2. Attach the cross bar to outlet box using the outlet box screws provided.
3. Connect black wire from fixture to black wire (live wire) from supply circuit. Connect white wire from fixture to white wire (neutral wire) from supply circuit. Cover the connections using the provided wire connectors. Tie ground wires from outlet box and from fixture to the ground screw on cross bar. Position wires back inside outlet box.
4. Place the fixture body to the wall by aligning the protruding mounting screws all the way through the wall plate and fasten the wall plate using lock nuts until the fixture body is held firmly against the wall.
5. Unscrew socket ring from socket. Place the shade over the socket and reattach the socket ring to socket to secure the shade.
6. Install the bulb. (Not included).
7. Turn on power.

This light can be installed upwards or downwards.
