Once existing quantity depleted, more cannot be purchased.

Dainolite

WE HAVE BEEN BUILDING QUALITY SHADES SINCE 1972.

ALL SILK SHADES ARE HAND-SEWN

Creating accurate seams and bindings

ALL SILK SHADES ARE SEWN WITH WET FABRIC

This provides a nice, tight fit when the fabric dries

ALL SILK SHADES ARE LINED ON THE INSIDE

This gives a finished look and keeps the bulb from showing through

ALL SEAMS ARE DOUBLE-STITCHED WITH NYLON THREAD

This stops the seams from spreading apart

JIGS ARE USED TO CONSTRUCT ALL FRAMES FOR SILK SHADES

This guarantees consistency in the sizing of frames by model number.

ALL FRAMES ARE BUILT USING GALVANIZED METAL

This prevents rusting when the consumer washes a silk shade

ALL WASHERS, SPIDERS AND FITTERS ARE BRASS PLATED OR PAINTED

We provide unique Brass and Polished Chrome flame clips (FC) exclusively designed to hug the bulb securely

ALL FITTERS ARE DROPPED TO CONFORM TO STANDARD HARP SIZES USED BY LAMP MANUFACTURERS

No need to change the harp when fitting a new shade

ALL FRAMES HAVE A BLOCK WASHER (NOT OPEN STAMPED)

This insures the shade will sit level on the lamp

ALL SILK SHADES ARE COVERED WITH PLASTIC WRAP

This protects the shade inside and out for extended shelf life

CONDITIONS OF SALE

PRICING:

Prices are subject to change without notice!

TERMS:

1% 30 DAYS NET 45 DAYS.

FREIGHT:

Always F.O.B. Factory.

The following freight policy is in effect:

a) Custom lamp shades – all orders, irrespective of size, will be shipped freight pre-paid and charge. Custom shade orders must be on separate P.O. Custom lamp shades (in some instances), can be added to a pre-paid order for lamps and therefore could be shipped pre-paid at Dainolite's sole discretion. Please do not assume that this offer applies to your order. Get written confirmation from your customer service rep.

b) Full insurance is purchased on the customer's behalf and at customer's expense for all custom lamp shades orders. This will cover any and all damages.

The following areas in the U.S. and Canada cannot be offered a freight pre-paid programme: Hawaii, Alaska, Puerto Rico and other locations involving a beyond charge from common carriers. These orders will be given a 5% freight allowances in lieu of pre-paid shipping and then the balance of freight charge will be included on your invoice..

All orders not pre-paid will be shipped via UPS or CanPar pre-paid and charge or LTL carrier of our choice. The only exception will be overnight / next day deliveries.

We do not accept customer's preferred carrier for NON PRE-PAID shipments.

RESIDENTIAL ADDRESS SHIPMENTS – All orders (irrespective of size) shipped to a residential address will be subject to a \$20.00 surcharge.

ALL SKID LOAD DELIVERIES TO A "NON-DOCK" LOCATION WILL RECEIVE A SURCHARGE OF \$40.00. THIS IS A SERVICE CHARGE LEVIED ON US BY ALL CARRIERS AND IS BEING PASSED ON.

CLAIMS:

All claims for damages or missing goods must be reported within 48hrs of receipt of merchandise. No claims will be accepted after this date. Freight damage must be claimed on carrier.

MINIMUM BILLING:

Minimum billing on any order is \$150.00 exclusive of shipping charges. For orders under \$150.00, a \$15.00 service charge will be added exclusive of shipping charges.

BACK ORDERS:

Back orders will not be automatically shipped unless their total value exceeds \$150.00. Buyer will be requested to add product to such order(s) if not in compliance.

Back orders are shipped pre-paid if and only if original order was pre-paid.

RETURNS:

Merchandise returned without authorization will not be accepted and remains customer's responsibility. Return authorization (RA) number, issued by Dainolite, must be noted on any documents which accompany the returned merchandise.

All returns for credit are subject to a **25% restocking charge** plus reconditioning charge, unless acknowledged to be a factory error. *Custom shades will not be accepted for return* under any circumstances unless acknowledged to be factory error.

ALL GOODS MUST BE RETURNED 'FREIGHT PRE-PAID' & PROPERLY PACKAGED!

No product will be accepted if returned in retail carton !

GUARANTEE:

All lighting products, properly installed and under normal conditions of use, are guaranteed against faulty workmanship or mechanical defect for one year from date of delivery. Responsibility is limited to repair or replacement of defective parts only. Bulbs, whether purchased separately or included in a lamp, are not covered under warranty unless returned within 15 days of purchase.

PRODUCT CHANGE:

Product modifications and improvements, carried out from time to time, are undertaken without notice unless they drastically affect the look or function of said product.

HOW TO USE PRICE LIST

Materials for shades are available in four grades of fabric. Each grade is colour coded on the price list and corresponds to the fabric index.

If a price is shown in column "I" this indicates that the shade in that size is available from our import program. Shades in the import program are only available in a few select colours: White, Eggshell and Taupe for softback materials. For hardbacks your selection is limited to Black Parchment, White, Cream and Ivory. Before placing an order refer to your distributor price list page 27 – "Quick Ship Lamp Shade Program". Only colours shown in this listing are available.

Some softback shades in our custom shade program, have the option of including piping (piping refers to the vertical trim that covers the wire supports inside the shade).

To specify that this option is to be included add the letter "P" after the material code number.

10-061209-1W-120
Column B - \$120.00
No piping

10-061209-1W-120P
Column C - \$130.00
Piping will be included.

Please note that by adding piping your price will be higher. Move to the next higher price column to include piping. The example above clarifies this process. *When shade material chosen is in column "D" add 10% for cost of piping.*

The pictures and descriptions beside each style number indicate the standard construction for each shade. Customer may choose different trim options or spider drop or to include diffuser etc. These changes will need to be priced separately and can be expedited by contacting our customer service department.

HOW TO ORDER A NEW SHADE

First choose your fabric. The fabric "colour code" will indicate price column to use when pricing shade.

Now find the style number you desire.

Lastly, choose the size that suits your application. The price under the fabric colour code will apply.

If none of the sizes listed meet your requirements a custom size can be built. Please note a pattern charge will apply.

Sometimes the appropriate size is listed but customer wishes to change the "drop" or style of washer (fitter) to be used. A **\$10.00** surcharge will be applied for this change.

HOW TO ORDER SHADES

HOW TO MEASURE A LAMP SHADE

Specify the size of the shade using the following guidelines:

When measuring shades for replacement, the following dimensions are important:

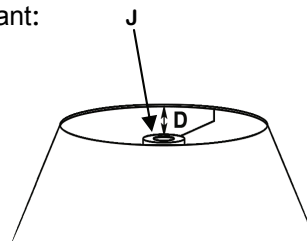

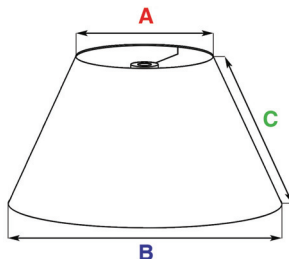

A – Top Diameter

B – Bottom Diameter

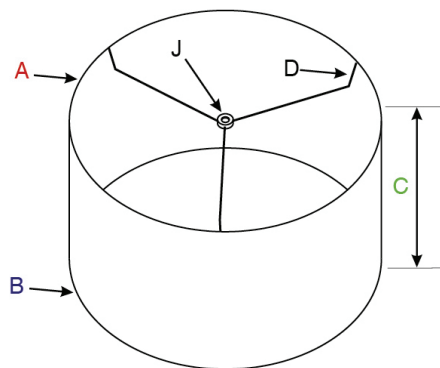

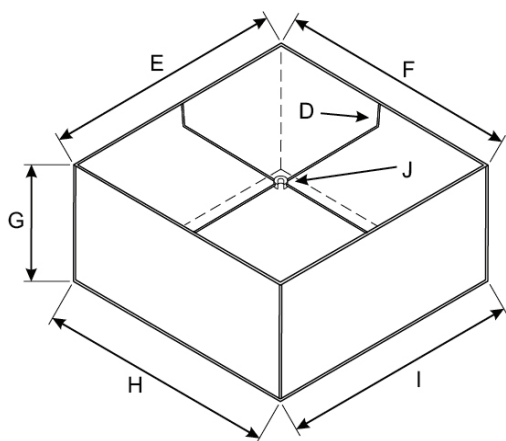

C – Slanted Height

D*– Fitter Recess–(drop)

J – Washer Type (split or block)

- Height dimensions listed are vertical
- Cut corner styles are measured from flat side to flat side.
- Hexagon & Octagon styles are measured from point to point.

D – Fitter Recess (drop)

E x F – Top Dimension

G - Height

H x I – Bottom Dimension

J – Washer Type (split or block)

HOW TO READ MODEL NUMBER:

99 – 15 16 10 – 1W – 195F

Style # _____

Top Ø of shade _____

Bottom Ø of Shade _____

Side measurement _____ (slanted height)

Fitter and Drop _____ (1" drop with washer type)

Material Code _____

99-151610-1W-195F

PATTERN CHARGE

A one-time pattern charge will be assessed for one or more custom shades of the same size and style if the size is not found in the current catalogue. The pattern charge only applies to the first shade.

- **\$ 80.00** pattern charge for softback shades.
- **\$ 60.00** pattern charge for hardback shades.

TO BUILD A CUSTOM FRAME

Custom designs are welcome. Supply simple drawing with dimensions and a quotation will be offered.

CUSTOMER'S OWN MATERIAL (C.O.M.)

All shade sizes and styles can be covered using customer's own material. Please specify if shade is to be hardback or softback. A discount is not offered when customer supplies their own material.

ORDERING AND SHIPPING INFORMATION

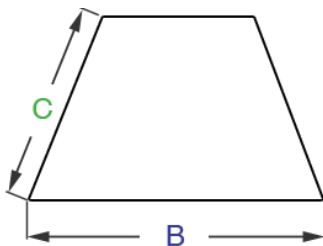

Pre-pricing is available on request at no charge. This means each shade is labeled and priced at the mark up which the retailer sets.

CANCELLATION: Orders cannot be changed or cancelled after 48 hours from receipt.

FREIGHT DAMAGE: All shipments are inspected and packed carefully by experienced packers. Truck shipment damage claims must be filed with the delivery carrier. Any internal shortages and freight damages must be reported to Dainolite Ltd. within 48 hours after receipt of order.

CUSTOM RECOVER

Recovering of customer's frames is available. Specify if frames should be re-painted before recovering. Choose material from our fabric index or supply your own (COM). When COM, specify if shade is to be softback or hardback. If softback, also specify lining desired. Also specify type of trim. This includes self-trim (same material as shade). Custom trim, or rolled edge (no trim needed). Please email Customer Service at dainolite@dainolite.ca, with details of shade size and material for pricing or use guidelines below.

- Measure to closest inch the largest opening (usually bottom "B")
- Multiply these measurements (to the closest inch) see below.
- *This formula works as long as the "C" measurement is less than 50cm (20")*

- | | |
|---|-----------------------|
| 1a) For hardback shades - | \$ 10.00 x "B" |
| 1b) For hardback that needs to be laminated - | \$ 14.00 x "B" |
| 2) For normal simple softbacks - | \$ 12.00 x "B" |
| 3) For scalloped softbacks - | \$ 14.00 x "B" |
| 4) For silk pleats with lining - | \$ 20.00 x "B" |

These prices are meant to be used as a guideline only. Requesting special features, or materials and trims may increase the cost.

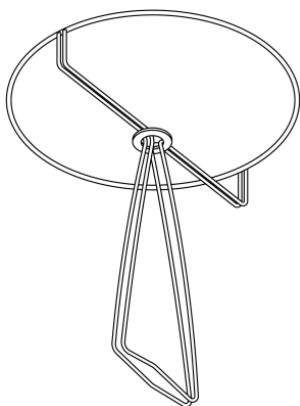

- If customer supplies material (COM) – there is no discount attributed to the cost – we usually need to laminate and / or make special trim!
- If material needs to be made into hardback, use line 1b for calculations
- Dainolite reserves the right to refuse a shade recover order if any of the above parameters are substantially different than indicated above.

SLK20-PC - Polished Chrome

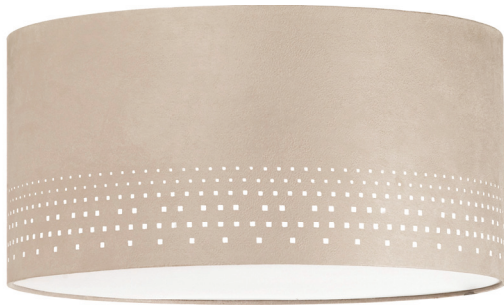

DIFFUSERS and FINIALS

- Diffusers can be round, square, or irregular depending on the shade they are designed for. You can also have a choice of materials.
 - a) White acrylic – thickness depends on overall shade size. Shades less than 24" (61cm) use 1/8" (3mm) acrylic. Shades greater than 24" (61cm) use 3/16" (5mm) acrylic.
 - b) Hardback shade material – customer can choose to use the same material as the shade or the most common "790-Jewel Tone White"

Please note using any material other than white for diffuser will substantially decrease light output.

- Any shade having diameter 30" (76cm) or greater should include center finial that connects to the bulb cluster above. This adds a measure of safety, insuring the diffuser will not fall out.

Dainolite Ltd. will not accept any responsibility for damage to person or property, if customer chooses not to use the connected center finial.

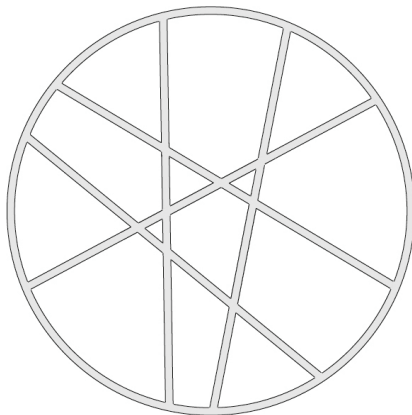

Drop-in diffuser. No finial needed.

One finial.

DIFFUSER with DESIGN ELEMENT

- We can enhance any acrylic diffuser with graphic logos or patterns. They are applied permanently to the diffuser.

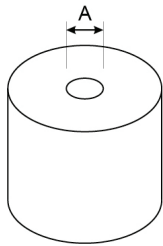

DIFFUSER for TOP of SHADE

It is common to use a diffuser on the top of a shade. We do however recommend that customer does not totally cover the top opening. By not doing so, too much heat gets trapped inside the shade and may cause the seams and edges to open. Leave at least 1" (25mm) gap to allow heat to dissipate.

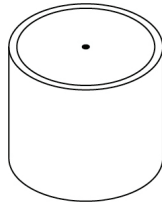

Dainolite Ltd. assumes no responsibility for damage caused due to shade overheating

TOP of SHADE DIFFUSER

Model TSD

TSD-CH

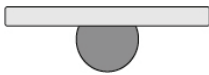

TSD-P

- A top diffuser will add a touch of elegance to any shade – be it table, floor or pendant.
- Diffuser can be the same material as the shade or just plain white acrylic.

- a) Specify **TSD-CH** for any shade, specify material, and dimension of center hole (“A”).
- b) Specify **TSD-P** for shade, specify material and diameter.

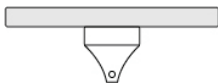

Price for diffuser will be quoted on request.

DIFFUSER FINIALS

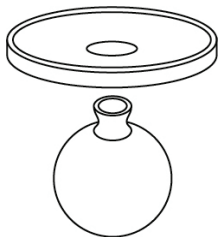

DF-25B **\$ 5.00**

- Metal ball finial with 2.5” (62mm) washer. Available in Satin Chrome, Polished Chrome and Oil Brushed Bronze. Height 3/4” (19mm)

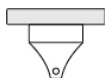

DF-25M **\$ 6.00**

- Nipple finial with 2.5” (62mm) washer available in Satin Chrome, Polished Chrome and Oil Brushed Bronze.
- The finial has center hole allowing crystal ornament (not supplied) to be attached. When using heavy crystal ornaments, this finial must be connected to bulb cluster above. Please specify accordingly.

DF-25ACR **\$ 8.50**

- Acrylic ball 1.5” (40mm) finial with 2.5” (62mm) washer. Available in Satin Chrome and Polished Chrome only.

CHAIN COVERS

This is an elegant option to utilize when customer wants to emphasize their chandelier and not the chain or support rod.

Chain covers can be manufactured from any of our softback materials or from customer's own material (COM). See attached.

Standard dimension for cord cover is 6' (183cm) long by 2" (5cm) wide. The top of each cover is elasticized to keep cover firmly in place.

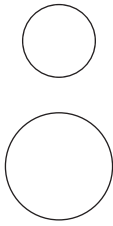

Custom lengths and width are available on request.

- a) **CHC-V** - this fabric cord cover has sewn in Velcro®. This allows installation and removal without removing chandelier **\$ 60.00**
- b) **CHC-P** - this fabric cord cover is simply sewn together and must be installed before chandelier is hung. Cannot be removed unless chandelier disconnected. The benefit of this style is that it hangs much nicer and does not have exposed seams. **\$ 48.00**
