

A Supplement to Catalog 3009

The foundation of our social responsibility programs is ingrained in the ideal that the support given today benefits the generations of tomorrow. We provide aid to organizations such as Habitat for Humanity, Concourse for Kids, the Embrace Kids Foundation, and many local community programs. We also fight global deforestation through a semi-annual tree planting initiative and limit the use of natural resources through implementation of the latest energy-saving lighting technologies.

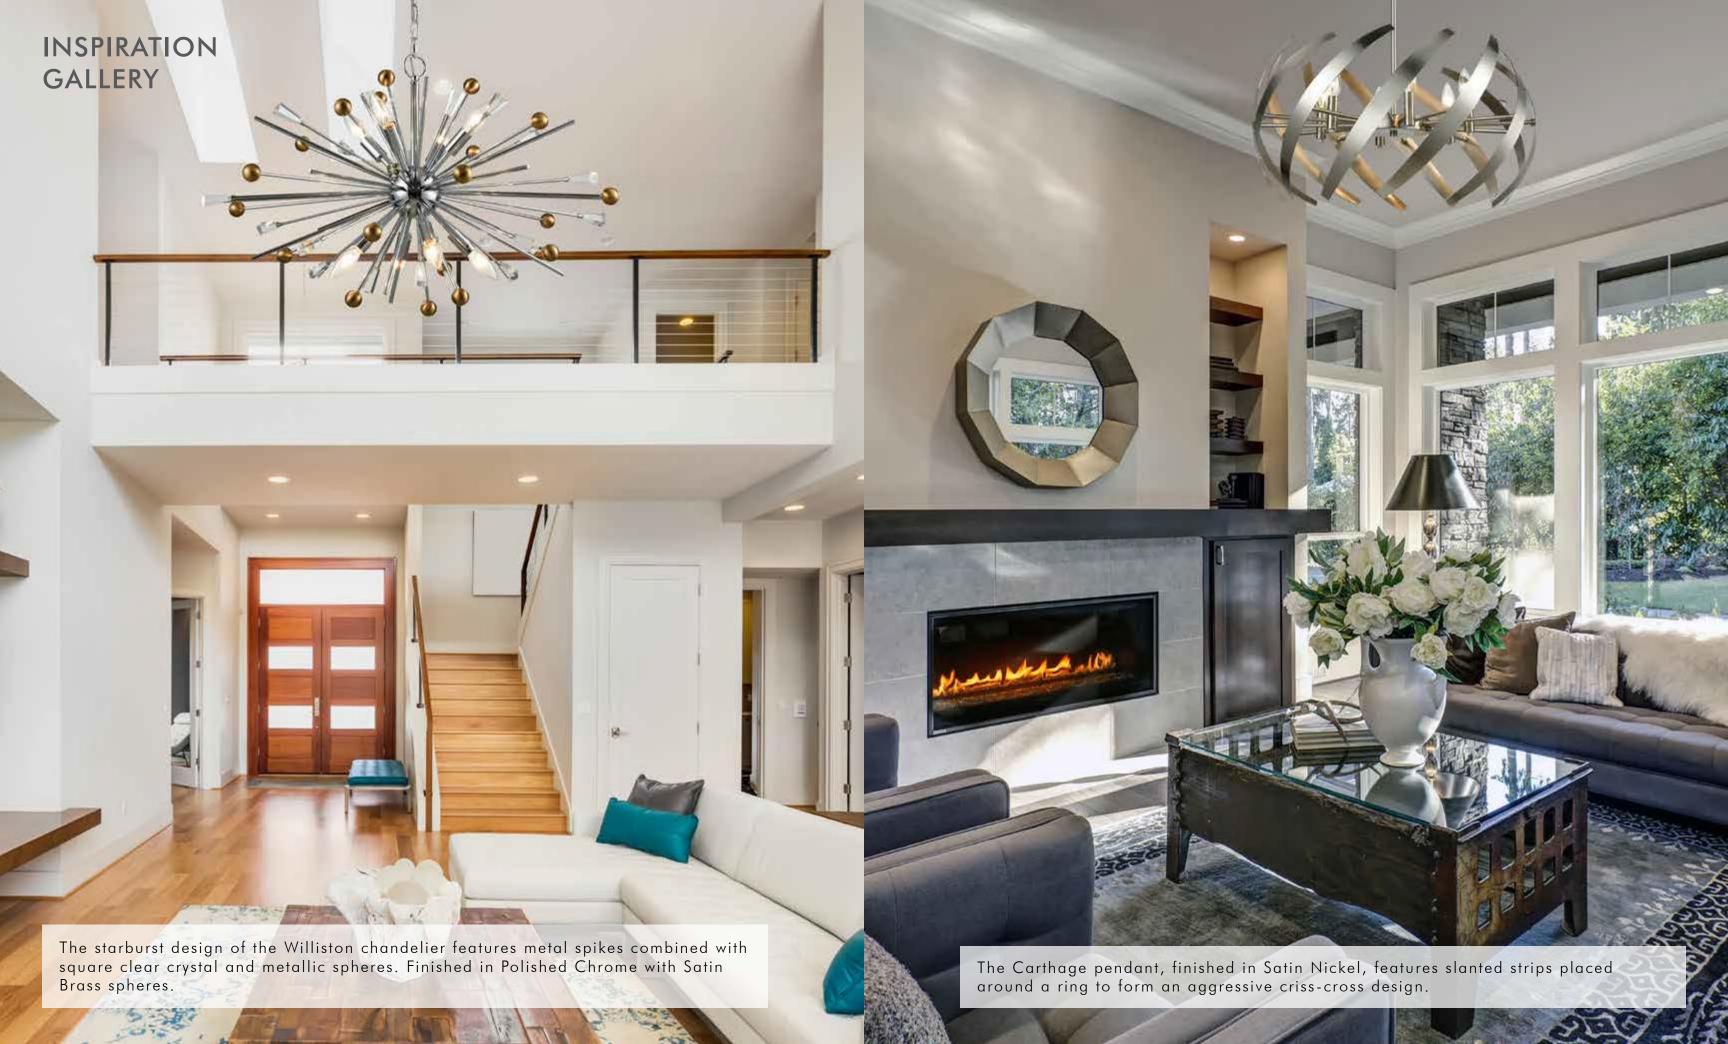

TRADITION

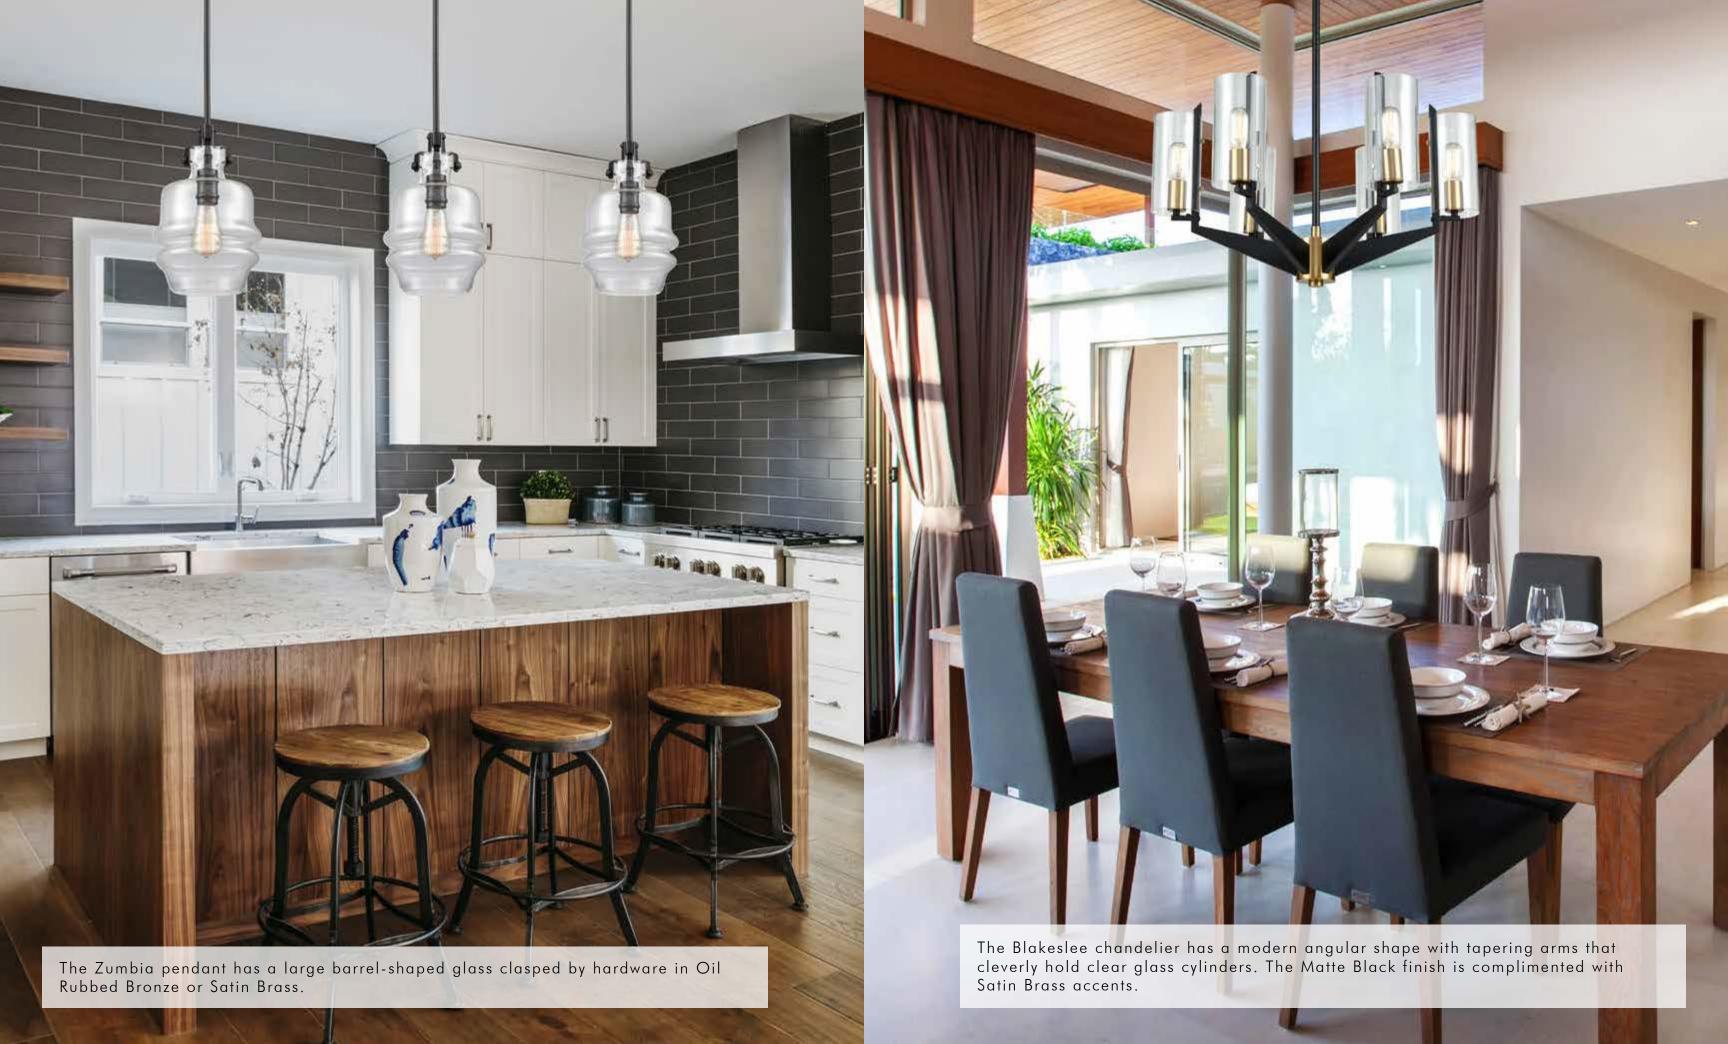

For more than 30 years, discerning customers have known our brands to be synonymous with a commitment to transcend the boundaries of innovation and style while offering artful lighting and décor products.

INNOVATION

Our award-winning, international team of designers and engineers brings visionary thinking to the product development process; we constantly strive to echo themes from the past while creating the styles of the future. In this quest, we uphold a pioneering role in the development of technical and aesthetic aspects that challenge convention.

DRIFTWOOD COVE

The Driftwood Cove drum collection has an oversized carved wood shade that is made to mimic driftwood tattered by time and the elements. The fixture is suspended from a rope-wrapped cord with metal hardware finished in Silvered Graphite.

MODERN FARMHOUSE

The Timberwood collection is characterized by an emphasis on craftsmanship and simplicity melding timeless materials such as wood, glass, and metal. The Oil Rubbed Bronze metal structure is sandwiched between solid wood rails that overlap in the corners showing off its joinery. Large hand-formed glass compliments the heavy frame with just the right balance of antique light.

The Armand collection is designed with an intricate laser cut pattern adorned with large crystals. The crystals have the same shape as the openings cut into the metalwork, allowing the two contrasting elements to become a seamless presentation of light and pattern. Finished in Weathered Bronze with Amber Teak crystal.

The Palacial collection features a cascade of prismatic crystals suspended from an Oil Rubbed Bronze frame. Each of the crystal's thick triangular profile bend light into various angles enhancing its visual depth and beauty.

Experience the re-birth of crystal! Adorned with multi-faceted polished crystal, the Renaissance collection vigorously captures your spirit with an array of graceful and unexpected movements, exuding an aura of energy that radiates from a single point. The Weathered Zinc finish complements the crystal and add a mystical beauty.

Nature often sprouts outward from a single point to produce beautiful "blooms". The Mullica collection mimics this action with life-like curved crystal-tipped wire, crystal embedded honeycomb details, and an Aged Silver finish.

ALTON

The Alton pendant has a laser-cut metal drum with a beige fabric inner shade. The open bottom provides ample downlight while the Oil Rubbed Bronze finish outlines the drum's stimulating pattern.

ENTANGLED

Thick steel chains are welded into a series of straight lines forming a continuous zigzag of tangled art. Each corner has a light that protrudes outward highlighting the chains' trajectories. The Silvered Graphite finish gives it a rough, weathered character.

S P E N C E R

The Spencer collection has a hexagon-shaped organza shade for an airy translucent look. The contrasting Oil Rubbed Bronze finish draws attention to its distinct edges.

81325/6

BEAUMONT

The Beaumont collection uses heavy clear crystal prisms that are tightly wrapped around a wire drum cage. The drum has rounded edges and a Polished Chrome finish.
