We search the globe for the finest metals, fabrics and other natural materials to create our exquisite outdoor lighting collections. Our lighting designers carefully select the appropriate materials for each design to ensure outdoor durability.

The lighting bodies utilize various materials ranging from cast metals, embossed ceramics, slate, mouth blown glass, and concrete to complement each style. A great lamp design would not be complete without a coordinating shade in the proper scale, shape and texture. We select highly durable linen and nylon shade materials to create a wide array of shade styles and colors for our outdoor lamp selections. Our lamps offer a range of light options including integrated LED where no additional bulb is required (LED listed under the product description). Certain models also offer rechargeable batteries for cord free enjoyment and placement optionality. This combination of modern technology with old-world craftsmanship ensures we offer you the highest standards of quality, innovation and design.

Imagine: powerful light, your favorite music, and 256 vibrant color options pulsing through an array of stylish, fully weatherproof outdoor furnishings – all responding to your theme, your mood, your direction.

Introducing Jibe: App-Controlled LED Furniture and lighting.

Jibe keeps pace with the party, pairing today's blue tooth technology with a built-in 3.7V high-capacity rechargeable lithium battery (5200mA). A full charge provides 10-12 hours of continuous signal, or 6-8 hours when app is in use.

All Jibe furnishings boast durable LED technology, and rust-resistant circuitry.

Match custom light and color frequencies to selected song rhythms using your personal music library and Jibe's exciting Music Mode feature.

Easy-sync setup; only a smartphone, iOS, or pc interface is required.

Jibe furnishings are lightweight, portable, and fully cordless, making them ideal for a wide variety of outdoor events.
