Pilar

Natural fir wood and strong, geometric lines make Pilar a modern rustic design. Creating depth and dimension, the playful shape of the wooden frame invites onlookers. A distressed light gray wash enhances the authentic wood grain and contrasts the rusty bronze of the Burnished Chestnut finish. Strong lines are echoed by the sharp modern arms which are positioned in alternating locations along the fixture's angular center column.

Asher

Asher's open geometric design and striking, contemporary look lends itself to modern spaces. The rustic appeal of the graphic fir wood frame contrasts the rounded lines of the lamp with its distressed Burnished Chestnut finish. The masculine cage silhouette is balanced by the fixture's feminine arms posed in upward motion. The 3-light fixture is perfectly sized for a cozy dining room, bedroom, or reading nook.

Garrett

Garrett's rustic design combines the appeal of raw wood materials and industrial-style metalwork for a casual look. The fixture's hardware is painted in a contrasting Antique Black Iron finish with gold highlights to balance the natural wood grain. Chain installation allows the fixture to be mounted on a sloped ceiling.

Meyer

True to its roots, Meyer is a rustic-inspired design that features authentic wood elements. The fixtures are hoisted into the air by a sturdy metal frame and matching chains in an antique black iron finish. The dark finish is applied to the hardware that secures the natural fir wood to the frame. Tall candelabras command attention from the top of the raw wood beam. Installation by chains allows this linear pendant to be installed on a sloped ceiling.

This unique design makes a statement over a kitchen island or dining table.

Shiloh

Enhance your rustic space with Shiloh. Inspired by the tools and materials naturally available to cattle ranchers and farmers alike, this fixture is the perfect addition to homes with farmhouse décor. Reminiscent of a steel silo, the design features a Galvanized Steel finish that is freckled and faded by age. The white and gray spots add to the look of a refurbished, weathered antique with a lot of life left to live.

Matilda

Inspired by vintage design, Matilda embodies the brooding, mysterious air of a rare artifact. The droplet shape and antique black iron finish elevates the drama and style of the series. Suited for homes with eclectic décor, Matilda is the perfect fit for a dining room, foyer, or bedroom.

Like artisan-crafted wrought iron, the etching, loops, and bends of Matilda's expressive details add value and visual interest to a classic form

Eloise

Enhance your space with the rustic elegance of Eloise. Hand-painted to mimic a treasure you would find in a French bazaar; the faded Antique Ivory finish adds to the vintage quality. Carved patterns in the fixture's metal shade play with light and shadows creating a unique visual effect. The openings allow ambient light to spread through the room. Hang this beautiful mini pendant alone or array in a group.

Like fine lace, a beautifully carved pattern trims the edge of these ivory metal pendants.

Victoria

Victoria has the appearance of a legacy piece passed down through generations. The chandelier's hand-painted, Heirloom Gold finish has a tarnished effect that mimics an antiqued birthright. Like the pannier of an old-world gown, the fixture's sweeping arms flare, creating a gentle silhouette. Modest cuplets and decorative, button-like rivets add finishing touches to this treasure.

Hardy

Step up to Hardy. The conical shade, subtle stepped ridges, and distinct aged gold highlights make this the perfect fixture for rustic and industrial homes. Balanced by a dark Antique Black Iron base, metallic highlights are perfectly placed to enhance the design and demand a closer look. This mini pendant may be hung alone or grouped over an island or countertop.

Brigette

A nod to a bygone era, Brigette adds a touch of rustic romance to any room. Similar to the lovely fixtures that graced the grand rooms of oligarchs during the Regency period, Brigette has the versatility to impress a royal court or quietly light a family gathering. Like a treasured antique found tucked away, this ornate sconce features a fir wood backplate and is hand-painted in a distressed Antique Black Iron finish. Brigette's beauty is further elevated by its sweeping arms, delicate scalloped couplet detailing, and pleated crystal accents.
