HINKLEY

LIGHTING + CEILING FANS MADE FOR *life*

style

Creativity is what drives us. Our team of designers is always trend-spotting and travels the globe to seek out inspiring styles.

quality

Quality is paramount, from construction all the way to customer service. We combine thoughtful design, technical innovation and a stylish state of mind into every Hinkley product.

heritage

It means a lot to us that people welcome Hinkley into their homes. It's the heart and soul of our company and it's been that way since 1922.

*curated
collections*

We started as a small outdoor lantern company and have expanded to bring you the best in Interior, Bath, Outdoor and Landscape Lighting as well as Ceiling Fans.

41° 29' 30.156" N

82° 1' 8.292" W

Hinkley is located off the shores of Lake Erie in Cleveland, Ohio and we wouldn't have it any other way.

A NOTE FROM JESS & ERIC

Our roots in design run deep. We grew up in a family business that treasures craftsmanship and quality. Our dad always taught us to cherish creativity and made sure we understood the significance of our products: each piece reflects your personal style and is meant to enhance the comfort and enjoyment of your home.

Thoughtful construction inspired by the best and latest trends, impeccable attention to detail and superior quality are the backbone of every single Hinkley design. Our great-grandfather started this company with those values, and it's still what our family stands for almost 100 years later.

We're excited to share our latest designs with you throughout these pages, and invite you to check out Hinkley.com to see all we have to offer.

Cheers to being happy at home,

Jess & Eric

WE KNOW COOL.

WE HAVE A NEW SPIN ON THINGS: UNIQUE CEILING FAN DESIGNS INSPIRED BY THE COOLEST HINKLEY LIGHTING STYLES. OUR BREEZY NEW BEAUTIES ARE ON THE MOVE. LET'S GO >

TABLE OF CONTENTS

ICONS + FINISH REFERENCES

Every Hinkley product is thoughtfully designed and carefully crafted with important features, so we've created useful icons and finish codes to help you with your lighting selections. Below is a key describing each of these icons in detail as well as a list of our extensive product finishes with abbreviated codes for easy reference.

ICON DESCRIPTIONS

DAMP

DAMP RATED

Suitable for use in damp (interior moist and outdoor no direct rain or sprinkler) locations as defined by NEC and CEC. Meets United States UL Underwriters Laboratories & CSA Canadian Standards Association Product Safety Standards.

DC MOTOR

DC MOTOR

Fan comes equipped with a DC motor which uses up to 70% less energy than an AC motor and runs cooler and quieter for a longer life.

Intertek

ETL LISTED

Fan has been tested by Intertek and found in compliance with accepted national safety standards.

LED

LED

Fan supplied with fully integrated LEDs and drivers or specifically matched LED lamps based on performance and application.

TITLE 24

TITLE 24

Meets California Energy Commission Title regulations.

UL LISTED

UL LISTED

Fan has been tested by Underwriters Laboratories and found in compliance with accepted national safety standards.

WET

WET RATED

Suitable for use in wet (interior direct splash and outdoor direct rain or sprinkler) locations as defined by NEC and CEC. Meets United States UL Underwriters Laboratories & CSA Canadian Standards Association Product Safety Standards.

WiFi

Fan is WiFi compatible with the purchase of optional controls.

YOUR SPACE JUST GOT SMARTER

WHY A WIFI ENABLED FAN IS THE WAY TO GO

Adding WiFi controls connect Hinkley fans to a home's digital hub.

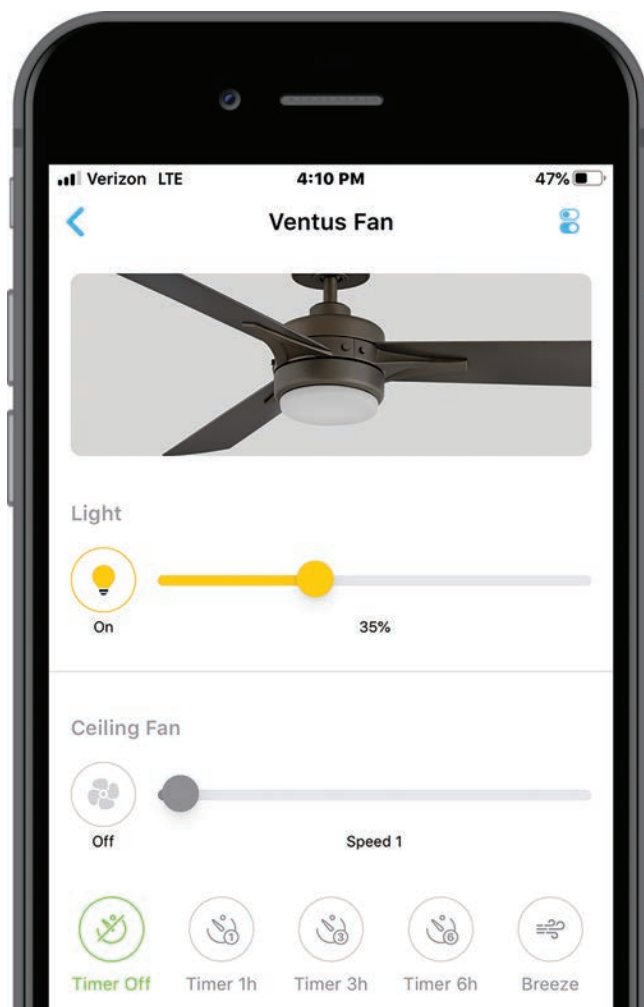

Voice activation is a must for hands-free ease of use.

Speed, light and seasonal modes are just a tap away. From anywhere, anytime.

Make life seamless by setting schedules and preferences.

Add a WiFi optional control to any Hinkley fan to make it a smart fan. Refer to "Optional Controls" on each product page for compatible WiFi controls.

SETUP IN 5 SIMPLE STEPS

DOWNLOAD THE BOND APP

Once you've downloaded the app, login or create an account.

ADD YOUR HINKLEY FAN

Tap the "+" button to add a device. Select "Smart by Bond" option. Connect to "Bond Config" WiFi network. Test your ceiling fan.

SET CONTROLS & PREFERENCES

At this time you can set a location and name. These settings can be easily changed later under Device Settings.

CONNECT TO HOME WIFI

A list of WiFi networks will appear in the Smart by Bond app. Connect to your WiFi network.

DONE!

You're all set! You can now turn your fan on and off, adjust speed, light brightness, set timers and configure summer and winter modes. All of these features are compatible with smart home device voice controls.

SMART HOME COMPATIBLE

Smart by Bond is compatible with Amazon Alexa, Google Assistant, Smart Things, Control 4, Hubitat, Homebridge, ELAN, and RTI to seamlessly integrate Hinkley fans into your connected home.

 amazon alexa  Google Assistant  SmartThings

Control4  Hubitat

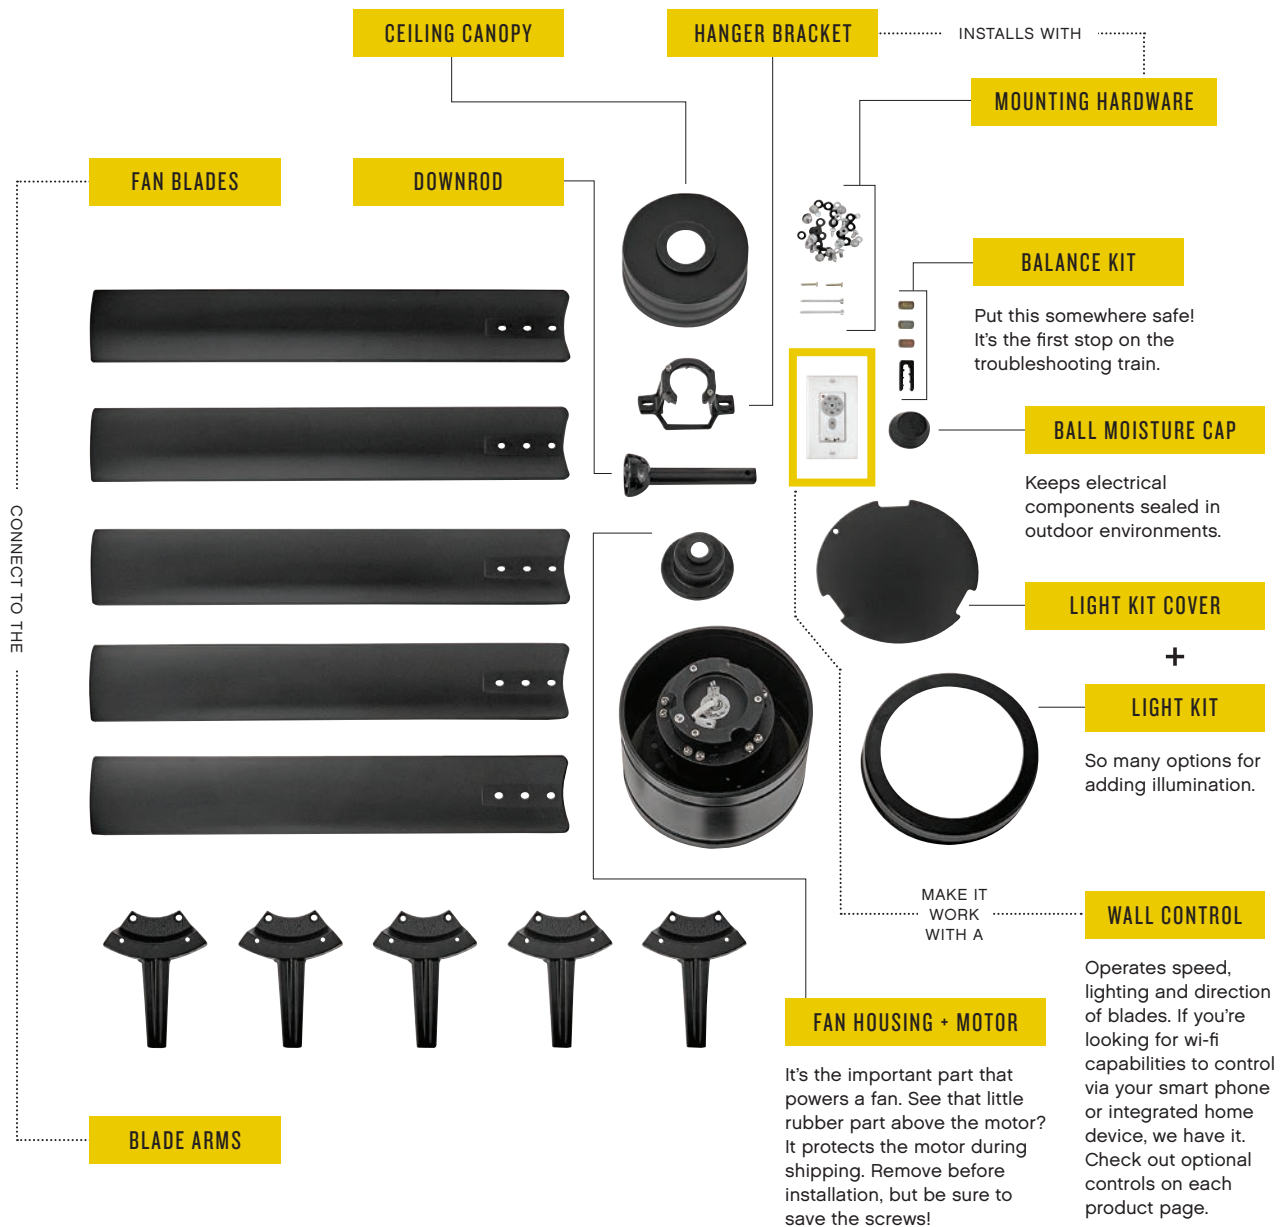

SMART BY BOND CUSTOMER SUPPORT

Smart by Bond has friendly agents standing by at least 12 hours per day to support you in live chat. If they do miss you, they will get back to you by email. For more information visit bondhome.io.

FAN DNA

FOR FAN NEWBIES AND AMBITIOUS PEOPLE WHO READ ALL OF THE INSTRUCTIONS BEFORE PUTTING STUFF TOGETHER

BANISH BUYING ANXIETY! MASTER THE MOST IMPORTANT FACTORS FOR

SELECTING A CEILING FAN

THE VERY FIRST THING
TO CONSIDER IS...

1 Location

Inside? Outside? Under cover? Wet rated fans are a must in any area exposed to the elements. Spaces like covered porches and sunrooms are best served by outdoor fans when condensation and high humidity are factors. Wet rated fans can be used inside as well, but indoor-only fans can't play outside.

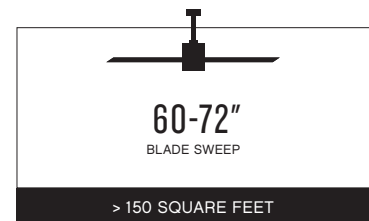

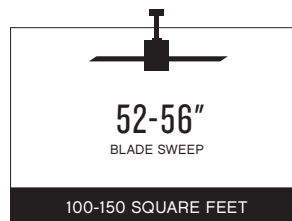

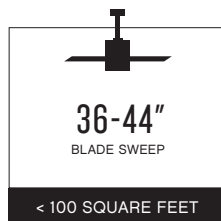

2 Style

Narrow your search by finding fans that complement your home's décor. Go for modern if a streamlined look is more your style or check out traditional fans if they best suit your space. From island-inspired to mid-century, Hinkley has a fan (with plenty of finish and blade options) to fit your vibe.

3 Size

Choosing the right size fan is important. A fan that is too large can overpower a room, and too small will not circulate enough air. These guidelines will help:

SQUARE FOOTAGE OF ROOM + BLADE SWEEP = PERFECT FAN RATIO

4 Airflow

UNDERSTANDING CFM:
CONVERTING ENERGY TO AIRFLOW

CFM is the magic acronym needed to achieve the optimum airflow output of a fan. It also calculates the operating cost and energy expenditure of your fan. So what actually is CFM?

THE VELOCITY OF AIRFLOW,
MEASURED IN
CUBIC FEET PER MINUTE

IF YOU WANT GREAT AIRFLOW,
LOOK FOR A FAN WITH A CFM
RATING OF 5,000 OR HIGHER.

MORE IS BETTER WHEN YOU'RE SPEAKING CEILING FAN CFM

7 Motor

THERE ARE 2 TYPES OF FAN MOTORS:

AC

Also known as a spinner motor fan.

DC

Use up to 70% less energy than an AC motor fan. They run cooler and quieter for longer life!

5 Light

BECAUSE SOMETIMES YOU JUST NEED OVER-HEAD LIGHTING. LED LIGHT KITS ARE EITHER INCLUDED OR OFFERED AS OPTIONAL ACCESSORIES FOR ALL FANS.

6 Control

Fans now have far more options than pull chains to operate! Look for included or optional accessories to make your fan WiFi compatible for smart phone control and integrate with home devices like Alexa and Google Assistant for voice activation.

8 Customize

Fans are cool because you can customize both aesthetic and operational elements. If you are the kind of person who rearranges your furniture and swaps out throw pillows seasonally, look for fans with reversible blades. If creating a connected home is at the top of your to-do list, check out the many options for controls.

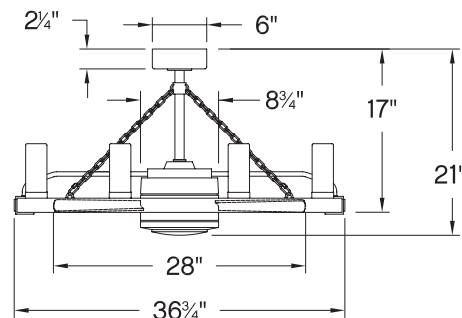

36" SAWYER™

The fresh, rustic design of Sawyer will inject any outdoor living experience with the warm, cozy ambiance of an indoor setting. Available in Metallic Matte Bronze with Sequoia, Matte White with Weather Wood or Matte Black with Driftwood, Sawyer features composite blades. Sawyer is so versatile; it can be used for both indoor and outdoor spaces.

We want you to enjoy your experience with Hinkley.

We're proud to be a 4th generation family company, and we love what we do. We've been designing and creating products with the same level and quality we put in our own homes since 1922. So whether you are flipping through our catalog, surfing our site, getting inspired through social media, chatting with a member of our team or checking out our designs with one of our retailers, we're always looking for your experience with Hinkley to be a positive one. Here's all you need to know:

CATALOG COLLECTIONS

Hinkley catalogs feature our current and complete product line along with important product specs and detailed photography. A must for the print-loving researcher who likes to tab their favorites. Stop by your local showroom for your own copy.

HINKLEY.COM

Dive in! Our easy-to-use site makes your product research process a snap, with the added benefit of tips, trends, installation guidelines and a quick connection to our retail partners.

#HINKLESTYLE

We love seeing how you live and sharing ideas and inspiration with each other. Stay in the loop on all Hinkley happenings, from your favorites styles, the best (seriously) giveaways, helpful tips, our latest collabs, Team Hinkley shenanigans, and brand new design drops. @hinkleylighting

TEAM HINKLEY

Want to chat? Contact us at customer care@hinkley.com or 1.800.HINKLEY.

Hinkley stands behind the quality of our lighting fixtures and ceiling fans with product warranties that are among the strongest in the industry. For details of warranty coverage on specific products, please refer to hinkley.com or consult a qualified Hinkley retail distributor.

Several Hinkley products are protected under U.S. Patent and foreign patent, or patent pending.

WELCOME TO THE FAMILY

We stand by every fixture we make but we know that sometimes things happen. Simply register your fixture so we can answer any questions as quickly as possible. Just head over to hinkley.com/register. We're always here if you have a question, need some help, or want to chat about our products.
