

Assembly Instructions

Item No. 5882/5884/5886

start here

Drawing 1 – Fixture Mounting

1

1. Find a clear area in which you can work.
2. Unpack Fixture and glass from carton.
3. Carefully Review Instructions Prior to assembly.

***** The construction of this fixture will be accomplished by first assembling the main body of the fixture, installing the glass, attaching the mounting strap to the junction box, making all necessary electrical connections, and mounting the fixture to the wall.**

Drawing 2 – Glass Installation

2

1. Prepare mounting strap (A) by threading the two 1 1/4" long mounting screws (B) into the back of the mounting strap (A) - see Drawing 1.
Be sure the holes into which the screws are threaded match the spacing of holes (D) in the backplate (E).
2. Attach mounting strap (A) to junction box (J) using two 1" screws (C).
3. Additional wall anchors supplied can be installed at keyhole points (G).

SAFETY WARNING: READ WIRING AND GROUNDING INSTRUCTIONS (I.S. 18) AND ANY ADDITIONAL DIRECTIONS. TURN POWER SUPPLY OFF DURING INSTALLATION. IF NEW WIRING IS REQUIRED, CONSULT A QUALIFIED ELECTRICIAN OR LOCAL AUTHORITIES FOR CODE REQUIREMENTS.

3

1. To mount fixture, slip the two mounting screws (B) through the two mounting holes (D) in the backplate (E) - see Drawing 1.
2. While holding fixture in place, thread the two ball knobs (F) on to the end of the mounting screws (B), and tighten.

4

1. It is necessary to install the flat glass (1) first. This is accomplished by slipping the glass into the straight slot (S) located near the top edge of the side support.
2. To install the curved glass (3), slip panel of glass into curved slot (T) located along the curved front of the side supports (S).
