

SEAMLESS

S700 LINKABLE SERIES

SEAMLESS is a rigid LED fixture that allows designers to imagine continuous lighting designs in a three dimensional plane.

Linear fixtures, in multiple length options, simply connect either in a straight line, in a closed loop, or in multiple directions using lit L, T or X connectors or inside and outside facing lit connectors...seamlessly.

Integral
Magnets

Inline Lit Extender

Each fixture is provided with integral magnets for easy mounting as well as snap-in mounting brackets for non-metallic surfaces.

The maximum run of the S700 is 16.4 feet but extra long runs may be achieved with use of the inline Lit Extender, S700-EXTBSF, with bottom and side power feeds which allows multiple runs to be seamlessly interconnected and fed with separate power supplies. Also now achievable are closed circuit shapes such as squares and rectangles.

SEAMLESS MODULARITY

SEAMLESS is JESCO Lighting's premier LED linear fixture.

Each S700 fixture is linkable end-to-end with no dark spots, even at connections between fixtures or connectors. Inter-connectable lit L-type corners provide for seamless turns - clockwise, counter-clockwise, inside-facing and outside-facing - allowing the fixture to change directions either on a horizontal or a vertical plane. Lit X- and T-type connectors are also available for a wide range of design possibilities. A uniform light output allows for intricate and complex layouts free from any break in the flow of light. Mounted with integral magnets at the back of every fixture or with the snap-in mounting brackets for non-metallic surfaces (included).

FORM + FUNCTION

- Seamless connections between fixtures
- No hot spots, even at connections between fixtures or connectors
- Long runs may be interconnected seamlessly with inline Lit Extender with bottom and side feed
- Lit inside and outside connectors in L, X and T patterns allow for lighting designs in three dimensional planes
- IC chips assure near zero light output lost from the beginning to the end of runs
- Ultra-bright 3-step MacAdam LEDs offer tight color output with a CRI >90
- Integral magnets for easy mounting
- Optional snap-in 0° or 45° mounting clips

S700

SEAMLESS - LINKABLE SERIES

LED	24V DC	70 Lm/W	90+ CRI	63 LED/Ft
16.4' MAX*	DIM	120°	DAMP LISTED	cUL US LISTED

Material: Aluminum body with Opal lens

Dimensions: 7/16" W x 1/2" H

Includes: (1) Live End Cap, (1) Dead End Cap, Mounting Brackets

Environment: UL Listed for damp locations

* Runs may be seamlessly extended with use of S700-EXTBSF
Lumen data based on 4000K

S700-TR
Lit T-connector

S700-LO
Lit Outward Facing
L-connector

APPLICATIONS

- Under-shelf and under-cabinet lighting
- Retail lighting
- Showcase lighting
- Display lighting
- Accent and edge lighting
- Cove and soffit lighting
- Interesting window display

Model	Length	Watts	Lumens
S700-04	3 15/16"	1.3W	88 Lm
S700-08	7 7/8"	2.5W	176 Lm
S700-12	11 13/16"	3.7W	259 Lm

SEAMLESS • S700 LIT CONNECTORS

S700-EXTBSF

Lit Extender with Bottom and Side Feed connector

An in-line connector that allows two separately powered runs to be linked seamlessly for an extended uninterrupted run. Click the end of one run into the dead end of the connector and power the rest of the run with cables that can exit the side or bottom of the connector. Also allows for closed circuit shapes such as squares and rectangles.

Wattage: 1.25W

Lumens: 88Lm @4000K

Wire Length: 60" with Type G Connector

Dimensions: 4 3/16" L x 1/2" H x 1/2" W

S700-LR

Lit Right L-connector

Clockwise direction of power

S700-LL

Lit Left L-connector

Counter-clockwise direction of power

Wattage: 2.20W

Lumens: 150Lm @4000K

Fixture Profile: 1/2" H x 1/2" W

S700-LI

Lit Inward Facing L-connector

Inward facing, clockwise direction of power

S700-LO

Lit Outward Facing L-connector

Outward facing, counter-clockwise direction of power

Wattage: 2.22W

Lumens: 150Lm @4000K

Fixture Profile: 1/2" H x 1/2" W

S700-X

Lit X-connector

One input and three output connections

Wattage: 4.44W

Lumens: 310Lm @4000K

Fixture Profile: 1/2" H x 1/2" W

S700-TR

Lit T-connector

One input and two output connections

Wattage: 3.55W

Lumens: 260Lm @4000K

Fixture Profile: 1/2" H x 1/2" W

Input: 24V DC • CRI: 90+ • Max. Run: 16.4' • Available in 2700K, 3000K, 3500K & 4000K

To Order Connectors Specify: **Model Number - CCT**
