Symbol Guide / Abbreviation Key 542

A photograph of a living room interior. In the foreground, two wooden chairs with light-colored upholstered seats and backs are visible. Behind them is a large fireplace with a white mantel and a dark wood surround. The mantel is decorated with two gold-colored vases and a glass bowl. The fireplace opening shows a black metal log holder with logs inside. To the right of the fireplace is a large window with dark wood trim and dark purple curtains. The room has a white ceiling with crown molding and a light-colored rug on the floor.

LIGHTING REIMAGINED

At Kichler Lighting, everything we do, every single day, is with the mission of giving people unique ways to see what is most important to them, whether that means growing a family or a family business, remodeling a kitchen or providing lighting solutions for clients.

We are committed to relentlessly pursuing quality, innovation, exceptional customer service, and education. We are dedicated to creating on-trend designs that are both stylish and "life-stylish," delivering project success and shedding light on what matters most to you, now and in the future.

Get to Know the New Kichler Resource Guide

A new and improved way to view our collections

You'll still be able to view our new releases and favorite collections, but now altogether as a family. We have created the new resource guide so you can view more images at once, see coordinating products together, and view products in all the finishes vs. finish swatches. Plus, each product will highlight important product specs with the opportunity to dive more in-depth about each fixture via Kichler.com.

PRODUCT LISTING OVERVIEW

Product Item #	44160NBRLED	Linear Chandelier	Product Description
Number of Bulbs	(2)	32W 3000K, 90 CRI, 38 LPW, 6"W x 7.25"H x 36.5"L	Fixture Dimensions
Light Source Description	Overall Ht. 46", Chain/Stem 36"		Additional Product Specs
Fixture & Light Source Features			

SYMBOL GUIDE

FIXTURE

- Damp
- Wet
- CLIMATES™
- Mounts Up or Down
- Mounts Horizontal or Vertical
- Mounts Ceiling or Wall
- Dark Sky Compliant
- 2016 Title 24, Part 6 is a document that contains the California Building Energy Efficiency Standards for Residential and Nonresidential Buildings as regulated by the California Energy Commission. Products marked with this logo and labeled as JA8-2016 or JA8-2016-E have been found to meet the requirements stated in 2016 Title 24, Part 6. For more information, visit www.energy.ca.gov/title24.
- ADA Compliant
- Installation Instructions: Fixture must be supported independently of the outlet box unless the outlet box is UL Listed for the weight to be supported. Consult a qualified electrician/installer. Required installation parts included.

LIGHT SOURCE

- Dimmable
- Integrated LED
- LED Energy Efficient Bulb Included
- Energy Star
- When electrical connection is made inside the fixture, supply wire must be rated at least 75° C. When electrical connection is made in an outlet box, supply wire must be rated at least 60° C.
- Fixture requires supply wire rated for at least 75° C.
- Fixture requires supply wire rated for at least 90° C

NEW

New Product and/or Line Extension for 2020

Inspirational.
Helpful. Mindful.

Kichler.com

An extension of the Resource Guide, Kichler.com helps you dive deeper into the details of each fixture while helping you envision it in a room or with a coordinating style. Kichler.com is just one more way to help you plan and bring your project to life.

Pim™

Children of the 1960s and 70s remember the look: milky white glass jars patterned with interest. With Pim fixtures, we combine this nostalgic material with modern-day touches: soft and rounded shapes, luxe finishes and simple lines. Try the look over a casual dining table or entryway.

Laurent

Laurent is the kind of collection that works just about anywhere. Soft contemporary lines and bi-level shade heights define each piece, yet luxurious materials add a bit of pizzazz. Featuring optional white linen shades and a white marble center column, the Laurent collection delivers a modern touch to a classic design.

Laurent

Capitol Hill

Pure simplicity makes a big statement with the Capitol Hill collection. Each piece delivers a timeless unassuming basket-inspired style and unexpected lines: thin arms swoop at subtle angles while subtle tiered details enhance the look. With several platform choices, the collection provides ample light from entryway to hallway to living areas.

D

"Beautiful piece, it's become the focal point of our den. Very sleek and adds a touch of class to our other wise formal space Installation was a breeze and took less than 2 hours. It provides the perfect amount of light and decor for our needs. Very pleased with the Kichler brand as usual."

-AnnieJay | New York, NY | 43715PN

Forge

With a nod towards industrial design, Forge makes a statement all its own. The real showstopper is the Slumped glass separating each luminaire. This artisan technique creates one-of-kind textures and patterns. Set against a Black frame and Polished Nickel accents, the look is simple and sophisticated all-in-one.

Alexia

Sometimes a little fun is called for in home design: with the Alexia Collection, we've given a lively update to the classic chandelier. There's a sparkle of the unexpected, with mixed finishes and textures that tie the look together. The mixed-media approach makes Alexia pieces the perfect addition to modern spaces, offering a bit of a glam-inspired style.

Kadas™

Art Deco glamour from the 1920s meets the softer styles of today: with the Kadas collection, it's all about the lines. Sleek and swooping lines add definition and a multi-tiered look. Enhancing the style is the finish options. Every fixture includes two interchangeable candle sleeves that allow you to easily switch the look. Choose Bold Black for a more dynamic retro look or Polished Nickel for a subtle style.

Tuscany

Tumbler-shaped shades with a seeded glass texture give the Tuscany collection a classic, earthy feel. The orb-like ironwork structure adds dimension that's both rustic and chic.

"I am in love with my new light fixture...It lights up not just my dining room but also my living room...unlike my old dome light fixture. The brightness is absolutely incredible! It also comes with three separate extensions...The install was extremely easy as well it took my boyfriend about 10 minutes to put together and install it. I'm so happy with this chandelier and highly recommend it!!"

"These were very easy to install than we thought it would be though we had a few learning bumps along the way... This fixture is wonderful. We were hoping for something that looked nice and would also go well with our eclectic furnishings. This fixture provides plenty of light without it being way too bright."

"The quality of the Kichler Aubrey 5 Light Chandelier in Olde Bronze was obvious as soon as I opened the box. The construction is solid and seamless, with rich details like frosted glass globes. Assembly is simple, and I am thrilled with the result—a versatile, classic design....Highly recommended!"

Vionnet™

A soft contemporary style with pick-your-own flexibility! Vionnet offers two looks that you can take in different directions: choose Brushed Nickel with Satin Etched glass shades for a more traditional look or Black with Clear glass for a more modern style. The Black option also comes with two light socket finish choices for even more versatility!

★★★★★

"I love this lantern, it is so stylish and looks great by my front door. It was packaged very well and arrived it perfect shape. I really like the design of this lantern. The hammered glass looks great on this piece. The lamp gives off the perfect amount of light. The installation instructions were easy to understand. I would recommend this light to anyone thats considering it. It really is a nice lantern."

Carlson

From walls to posts, Carlson brings early American style to a home's exterior spaces. The simple and traditional lines freshen up the classic lantern style, while the arched handle softens the look. Seeded glass gently filters the light.

Elias LED

The Elias collection features a pan-inspired style that's full of variety. Perfectly suited to mid-century modern or contemporary home exteriors, the pendants are fully convertible to semi-flush installation. The contrasting gold metallic interior softens the light while providing a beautiful illuminating effect.

Symbol Guide

FIXTURE

	Damp
	Wet
	CLIMATES™
	Mounts Up or Down
	Mounts Horizontal or Vertical
	Mounts Ceiling or Wall
	Dark Sky Compliant
	2016 Title 24, Part 6 is a document that contains the California Building Energy Efficiency Standards for Residential and Nonresidential Buildings as regulated by the California Energy Commission. Products marked with this logo and labeled as JA8-2016 or JA8-2016-E have been found to meet the requirements stated in 2016 Title 24, Part 6. For more information, visit www.energy.ca.gov/title24 .
	ADA Compliant
	Installation Instructions: Fixture must be supported independently of the outlet box unless the outlet box is UL Listed for the weight to be supported. Consult a qualified electrician/installer. Required installation parts included.

LIGHT SOURCE

	Dimmable
	Integrated LED
	LED Energy Efficient Bulb Included. Option to purchase specific fixtures that come packaged with compatible LED bulbs
	Energy Star
	When electrical connection is made inside the fixture, supply wire must be rated at least 75° C. When electrical connection is made in an outlet box, supply wire must be rated at least 60° C
	Fixture requires supply wire rated for at least 75° C
	Fixture requires supply wire rated for at least 90° C

- Bulbs not included unless otherwise noted.
- Wattages stated are the maximum recommended; however, you may use lower wattage lamps to suit your lighting needs. Some recommended lamps are not available in the maximum allowable wattage.
- All electrical products are rated as 120-volt, AC unless otherwise noted.
- All electrical products are certified and listed to UL/CSA/ETL Standards for use in U.S.A. and Canada except where noted.
- All chain drop products equipped with at least 72" of chain unless otherwise noted.
- All products featured in the outdoor section are certified and listed to UL/CSA/ETL standards for wet location except where noted.
- Many long-life tungsten halogen capsule lamps are now available as alternates to conventional incandescent light bulbs. The halogen capsule lamps may be used to replace any lamp of a higher wattage, but not to exceed the existing specified maximum wattage, i.e., 72W may replace a 75W.
- On some products, in order to accommodate higher-than-normal ceiling height, extra lead wire is supplied and specified. With additional sections of chain or stems (not included), this allows an added measure of design flexibility.
- Finishes for fixtures installed outdoors are subject to change due to prolonged exposure to sunlight, airborne pollutants, and other forms of weathering.
- To serve you better, Kichler Lighting reserves the right to make improvements to the products in this catalog. Therefore, some products may change during the life of the catalog and the product information contained in this catalog may also have changed.

Consumer Notice

Federal Legislation to phase out 100 watt Incandescent Bulbs started January 2012

The federal government enacted the Energy Independence and Security Act of 2007 in December 2007, requiring all general-purpose light bulbs that produce 310-2600 lumens of light be 30% more energy efficient (similar to current halogen lamps) than current incandescent bulbs by 2014. The efficiency standards started with 100 watt bulbs in January 2012 and will end with 40 watt bulbs in January 2014.

Light bulbs outside of this range are exempt from the restrictions (historically, less than 40 watts or more than 150 watts). Also exempt are several classes of specialty lights, including appliance lamps, rough service bulbs, 3-way, colored lamps and plant lights.

By 2020, a second tier of restrictions will become effective; which requires all general-purpose bulbs to produce at least 45 lumens per watt (similar to current CFLs). Exempt from the Act are reflector flood, 3-way, candelabra, colored and other specialty bulbs.

Many governments worldwide have passed measures to prohibit the sale of incandescent light bulbs for general lighting. The aim is to encourage use of more energy-efficient lighting alternatives, such as compact fluorescent lamps (CFLs) and LED lamps.

We go to great lengths to assure the metal and glass finishes shown in the catalog match the actual products, but printing variations and variations in chemical finishes and the nature of hand-applied finishing will cause some differences between the printed images and actual product, and from one product to another.

We use only non-ferrous materials on the exterior parts of our outdoor lantern products, and use the best available weather-resistant finishes. However, due to some extreme environmental conditions such as acid rain, salt air and ultraviolet exposure, we cannot guarantee our exterior finishes, with the exception of our LifeBrite® lanterns.

Due to environmental conditions such as soil acidity, concrete alkalinity and other corrosive soil and air conditions, we cannot guarantee our direct burial posts.
