

ASSEMBLING & INSTALLATION INSTRUCTIONS PRODUCT# 8899-65

For Floor Lamp ITEM #8899-65

WARNING

- * Risk of shock, do not plug the unit before assembly.
- * Do not exceed the maximum wattage rating.

FIXTURE ASSEMBLY

- 1. Carefully remove the fixture from the carton and lay it down over a clean soft surface (blanket or rug) to prevent damage to the finish.
- 2. Attach center part (I) to lamp base (J) and turn clockwise until firmly tightened.
- 3. Connecting the lamp body (G) to part (I) and turn clockwise until firmly tightened.
- 4. Carefully pull the wire cord through the bottom of base (J) till part (G) can be screwed onto part (I). Please pay attention not to cause wire cord damage pulling.
- 5. Attach the tube (E) to the socket (F).
- 6. Squeeze the harp (D) together and insert into the harp holder (G).
- 7. Install a 150W light bulb, place shade (C) on top of harp and secure with finial (B).
- 8. Adsorb the magnet of crystal (A) to the center of the finial (B) and attach the crystal (H) to the part (G).

IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted. Do not alter the plug.
