Established in 1955, Murray Feiss began by offering a small assortment of porcelain figurine lamps that were topped by his mother’s hand-sewn lampshades, since then the brand has evolved over the years into one of the country’s leading manufacturers of decorative lighting products. We always strive to deliver an expansive selection of beautiful designs, accessible price points and exceptional customer service. These attributes were all near and dear to Murray Feiss when he founded the company and remain equally important to us today as we look toward the future.

Quality Design: Each year we gather inspiration from across the country and the world to bring fresh designs to market. Our line spans from traditional to contemporary styling, all with an eye to delivering the high quality details our savvy customers expect. Your surroundings reflect your taste and preference, and our products are designed to achieve that feeling of completion as you place each Feiss fixture in the perfect location. No corner is ever cut when we design and manufacture our products. We source quality metals, crystal, marble, ceramics and, yes, porcelain as well as many other materials and an extensive array of finishes to achieve distinctive looks which complement every style of interior and exterior design.

Accessible Price Points: Whatever your look is, you will find it at Feiss – at a variety of price points to fit any budget. From first home to dream home, Feiss fits your style and your budget. We leverage our company’s long-standing business relationships with our vendor partners around the world to source high-quality materials at the best possible rates, uniquely delivering to you high style at accessible prices.

Exceptional Service: Our customers are second to none, and our dedication to them matches that. We take delight in offering exceptional customer care and strive to exceed customer expectations each and every time. With pride in our company’s past and a commitment to the future, employees from Coast to Coast and from across the Globe all work together to deliver the very best in lighting and service.
