

Assembly Instructions For

9771 (E) 2/09

Bulb

(not included)

Counter Ring

Glass Shade

Socket

Lamp Body

Cord

In-line Dimmer

READ ALL INSTRUCTIONS BEFORE ASSEMBLING LAMP

Carefully unpack lamp parts onto carpeted surface or blanket and identify all parts.

1. Place Glass Shade onto Lamp Body. Secure by placing Counter Ring onto Threaded Socket.
2. Install a Type B, 60 Watt Max. Candelabra Base Bulb (not included) into Socket as noted on relamping label at Socket area.

IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Never use with a extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.
