

IMPORTANT TURN OFF THE POWER AT THE MAIN FUSE OR CIRCUIT BREAKER BOX BEFORE STARTING INSTALLATION

1. ☐ Carefully unpack and identify all parts. Bulbs not included.
2. ☐ Carefully thread fixture wire and ground wire thru fixture loop. Then fasten fixture loop securely onto top of fixture.
3. ☐ Spread open lower and upper arms so they are equally spaced to each other. Fasten ball screws to lock arms into three octagonal blocks. See illustration.
4. ☐ Install glass shade onto sockets by fastening counter ring.
5. ☐ Install light bulbs (not included). See relamping label at socket area for type and maximum allowed wattage.
6. ☐ Take long threaded pipe and slip thru short tube and then screw into one finial. Take the other end of long threaded pipe and slip thru center hole of bottom octagonal block and then thru long tube. Lock into position by fastening the other finial at top.
7. ☐ Follow enclosed "Chain Suspended Fixture Installation Instruction" for electrical and fixture installation into ceiling outlet box.
