

IMPORTANT
TURN OFF THE POWER AT THE MAIN FUSE
OR CIRCUIT BREAKER BOX
BEFORE STARTING INSTALLATION

Carefully unpack and identify all parts before assembly. Bulbs are not included.

1. Spread open all arms so they are equally spaced apart from each other.
2. Secure two of three upper arms by fastening head less screws onto center body. Use provided hex key to tighten.
3. Install fixture loop by securely screwing onto top of upper fixture.
4. A. Install upper shade onto fixture by fastening with a spacer tube and counter ring.
 B. Install bulb (type-B candelabra base 25 Watt maximum / not included) by screwing into socket.
5. Follow enclosed supplement installation instructions for electrical and fixture installation onto house outlet box. If you do not have an outlet box at desired location to attach the fixture than hire a qualified electrician to create one.
6. A. Slip candle tube onto sockets.
 B. Install bulb (type-B candelabra base 60 Watt maximum / not included) by screwing into socket.
 C. Install finial (small size) by screwing onto top of fabric shade.
 D. Install fabric shade by snapping onto installed bulb.
 E. Repeat others.
7. A. Install finial (large size) onto bottom of lower shade by fastening with flat washer and small hex nut from above. Do not over tighten.
 B. Install bulb (type G-16 1/2 candelabra base 25 Watt maximum / not included) by screwing into socket located at bottom of fixture.
 C. Install shade by fastening with two short screws from above.
8. Install fount by securely sitting on top of upper shade.
