

IMPORTANT
TURN OFF POWER AT MAIN FUSE OR CIRCUIT
BREAKER BOX BEFORE STARTING INSTALLATION.

1. Carefully unpack and identify all parts. Bulbs not included.
2. Install loose arms onto canopy by fastening with small lock washer and small hex nut from behind canopy.
3. Install pan onto arms by fastening with cap nuts.
4. Screw hex nut and then slide down lock washer onto one end of threaded pipe. Leave 3/8" of thread exposed above lock washer. Screw the exposed thread into bottom coupler. Lock them together by tightening hex nut.
5. Slide glass shade up thru threaded pipe till it checks into bottom of pan. Lock into position with washer and hex nut. Do not over tighten hex nut.
6. Slide cover up thru threaded pipe and lock into position with finial.
7. Install light bulbs (not included). See relamping label at socket area for type and maximum allowed wattage.
8. Follow enclosed fixture installation instructions for electrical and fixture installation onto ceiling outlet box.
