

**IMPORTANT:  
TURN OFF POWER AT MAIN FUSE  
OR CIRCUIT BREAKER BOX  
BEFORE STARTING  
INSTALLATION**

**Carefully unpack and identify all parts before beginning assembly. Bulbs not included.**

1. Remove hex nut and lock washer from top end of center pipe. Take fixture wires and ground wire and thread through hole at center of fixture plate. Lock all together by fastening again with lock washer and hex nut from above.
2. Install arms by fastening with threaded screws onto blocks which are located at top section of center ring.
3. Slip glass into center ring. Attach arms onto hooks
4. Install bulbs (Not included). See relamping label located at socket area for type and maximum allowed wattage.
5. Follow enclosed "Multiple Fixture Installation Instructions" for electrical and fixture installation onto ceiling outlet box.
