

IMPORTANT:
TURN OFF THE POWER AT THE MAIN FUSE OR CIRCUIT BREAKER BOX BEFORE STARTING INSTALLATION.

Carefully unpack and identify all parts before assembly. Bulbs are not included.

1. Follow enclosed "Multiple Standard Installation Instructions" for electrical and fixture installation onto ceiling outlet box.
2. Install bulbs (not included). See relamping label located at socket area for type and maximum allowed wattage.
3. Install threaded pipe into coupler located at bottom of socket assembly. Slip spacer tube and check ring (with open side facing up) through installed threaded pipe. Slip glass shade up till it stop onto bottom of check ring. Then lock into position by fastening with flat washer and hex nut. Do not over tighten.
4. Slide cap and rubber washer. Then fasten finial onto protruding threaded pipe.
