DIFFERENT BY DESIGN

Exceptional design is impossible to ignore. When perfectly executed, it breaks through the mundane and captivates the senses. It's something we take very seriously at Quorum International.

That's why our products are designed in-house by our award-winning industrial design team. And once our products are designed and manufactured, we offer them to our Authorized Quorum Distributors who, in turn, provide them to customers who appreciate the innovation, value and workmanship that go into each fixture.

Headquartered in Fort Worth, Texas, Quorum leads the industry in service, quality and style, and we are honored that our distributors and customers continue to rely on us for those very things.

Please enjoy our catalog and we look forward to providing you with beautifully functional and inspiring products.

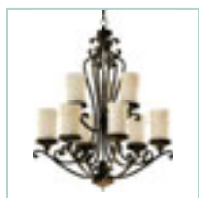

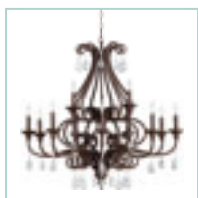

Be sure to look for the upcoming Quorum Summer Supplement that will be available in June 2016 introducing all new designs!

LIGHTING FAMILIES ANTIQUE STYLES

Antiqued finishes and classical forms make up Quorum's eclectic line of Antique Designs. Heirloom finishes are masterfully recreated by skilled artisans—reflecting fondly on the days of yore. Add some history to your home, with any of these fine families.

a

LEDUC FAMILY

An abundance of elegance is the best way to describe the stunning Leduc Family. Cascading decorative elements and lace-like filigree elevate the fixtures to star status, while the French country patina brings them back to earth.

SALENTO FAMILY

On the Southeastern-most border of Italy lies Salento, a peninsula flanked by the Ionian and Adriatic seas. Steeped in thousands-year-old history, influences of baroque and rococo architecture dot the landscape. Our Salento celebrates the richness of this region with a design that recalls antiquity. Delicate, imperfectly curved arms appear to bear the weight of candlestick-styled lights, a leaf motif and imperfect asymmetry pay homage to the rococo influence.

BOHEMIAN MARIEN FAMILY

The great dressed chandeliers of the late Georgian period in England, of which the Bohemian-Marien chandeliers are a superb example, were the height of luxury at the time, being both very expensive and intricate in their production. Today, electric lighting contributes to the minimal upkeep required to maintain the dressed crystal chandeliers without compromising the sumptuous beauty of the fixtures.

MODUS FAMILY

The Modus is distinguished by harmonious arrangements of simple straight-edge geometric forms and the sinuous curves of aircraft and power cables. Edges of the glass shades are subtly rounded. If this looks like sculpture, but with a difference, it is—sculpting both with metal and with light.

PRAIRIE FAMILY

The design influence for our bold, sculptural Prairie is obvious from the name: the Prairie School of American architecture, whose most illustrious practitioner was Frank Lloyd Wright. With suggestions of stylistic touches of Art Nouveau as well, in which Wright was steeped, the Prairie series is distinguished by the simple, straight lines of its frames and arms, which are finished in Toasted Sienna. Glass is Antique Amber Scavo.

ALAMEDA FAMILY

Crafted in the tradition of Old-World European design, the Alameda recalls the romance of centuries-old architectural detailing. Scrolling, rope-wound arms add a touch of femininity to the rustic creation, and soft, ethereal light radiates from the waxy pillar candle-style light source.

BARCELONA FAMILY

The namesake of our Barcelona is a living history book of architectural styles: from Roman ruins to the Renaissance; from the exuberance of the Spanish baroque to the fantasy creations of Antoni Gaudí, which are a style unto themselves. With its glass of Amber Indian Scavo and the Mystic Silver finish of its metal frames, columns, flamboyantly scrolling arms, and its finials and ornamentation, our Barcelona series wouldn't be out of place in a building of the Baroque, or in one of Gaudí's works, or in your own castle.

CAPELLA FAMILY

Our designers looked to the fresh influence of the Italian baroque in creating Capella's profile with its scrolling arms, ornate center column, bobeches, finials, and leaf accents. The steel frame in Toasted Sienna finish with the Amber Scavo glass balance the flair and keep Capella simple.

CORONADO FAMILY

In our Coronado you can read the history of Spain: the Moorish scrolling arms, the Renaissance wrought iron-look of the Gilded Bronze finish, the Baroque embellishment of the cast central columns with vines and floral relief. Bowls and fluted shades are Etruscan Glass with Amber accents.

LONE STAR FAMILY

You don't have to be deep in the heart of Texas or even a Texan at heart to love our Lone Star family. While the clean, timeless design with its solitary star accents will complement a variety of settings, this series will sure look mighty fine in Southwestern settings, whether traditional or modern. Available in Toasted Sienna finish on the tubing of the frames and metal accents, Lone Star features Amber Scavo glass for the cylindrical shades of the chandelier, and for the dome-shaped shades of the other fixtures.

LORENCO FAMILY

The great hanging iron Lorenco Chandelier will give any home a regal feel of old Europe as it takes its inspiration from Gothic and Renaissance designs. The large diameter hoop of silvered strap iron suspended on twisted iron rods is decorated with simplified arabesque scrollwork and candle-like lighting.

MARCELA FAMILY

The Old World tradition of forged iron finds a fresh, traditional interpretation in Marcela. Individual elements—like the arms of a chandelier—reflect the solidity and sturdy craftsmanship of generations of artisans in Spain, France and throughout the continent. An Oiled Bronzed finish is another homage to this European heritage. These traditional features are brought to life in the 21st century with a new twist built on classic lines.

NOOK

As the arms curve up, down and around they are intertwined with leaves and tendrils of delicately fashioned metal that seem to flow like a stream on its sea-bound journey. Victorian influences are apparent, as is the renowned artisanal iron-work of Mexico. Amber Linen glass completes a combination of beauty and tradition.
