Assembly Instruction Sheet #IS-EL1285CB For Styles EL1285CB

Tools Required: Flathead screwdriver, Phillips screwdriver, pliers, wire cutters, wire strippers, electrical tape, safety glasses.

Bulb Recommended: (1) T3 RSC 300W Maximum

Estimated Assembly Time: 20-30 minutes

Preparation: Identify and inspect all parts before beginning installation. Check package content list and diagrams below to be sure all parts are present. If any parts are missing or damaged, do not attempt to assemble, install, or operate the fixture. Contact customer service for replacement parts.

Warnings and Cautions

Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt.

These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation.

Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal. Do not subject glass parts to any shock while in operation or shattering may result.

Do not touch the bulb with bare hands use a cloth or glove.

STEP 3 - Make Wire Connections

- Use standard wire connectors to make all wire connections. (Connectors are not included with fixture.) Strip and prepare wire ends according to instructions supplied with connectors.
- Connect White Supply Wire from the Outlet Box to White Wire from fixture.
- Connect Black (or Red) Supply Wire from the Outlet Box to Black Wire from fixture.
- Connect Ground Wire from the Outlet Box to Ground Wire from fixture.
- Twist connectors until wires are tightly joined together.
- Wrap each connection with approved electrical tape and carefully stuff all the connected wires into the Outlet Box.

STEP 5 - Install Bulb

- A. This fixture uses T3 bulb. Maximum 300 watts.
 - B. Hold the Bulb (G) with cloth or tissue, carefully press one end of the Bulb (G) into the Lampholder. Repeat the process for the other side.
- IMPORTANT:** Do not touch the bulb with bare hands use a cloth or glove.

STEP 6 - Attach Bulb Shield

- A. Press the Tab on the Lampholder up, slide the free end of the Bulb Shield (H) under the Tab on the Lampholder. Locate the other side of the Bulb Shield (H) onto the another Lampholder. Press the Tab back on to engage the Bulb Shield (H).

STEP 7 - Insert Shade into Shade Holder

- A. Insert the Shade (I) into the Shade Holder (J).
