## MICHELLE OXENBERG

The visual art of Michelle Oxenberg Jordan stems from her Brooklyn childhood spent drawing, painting, and observing. Amazing her family with her innate drawing skills, her parents began nurturing her creativity at the young age of five with Saturday art classes. Earning her degree from the University of North Carolina at Charlotte, she further developed her keen eye for color, detail, and design. Michelle began her career in 2001 by joining the design department at Robert Abbey Inc. Intrigued by the shapes and shadows of facial expressions and the human form, her work illustrates everyday life with color and modern imagery. Michelle's eye for composition, along with her attraction to shape and design, enables her to create extraordinary drawings of ordinary subjects. Painting and charcoal are among her favorite mediums, but working in a digital format allows her the freedom to play with the perspective and visual scale of her work to produce evocative images like "Legs" and "The Dance". Michelle is currently the Design Director for Robert Abbey Inc. and resides in Hickory, North Carolina with her husband, Steve, and their two children, Leah and Samuel.

Trend meets tradition in the WILLIAMSBURG collection. Inspired by 18th-century patterns in rare books, architectural details in the “Revolutionary City,” and decorative details and colors in the vast design archive of the Colonial Williamsburg Foundation, Robert Abbey’s talented design team has developed lamps and fixtures with timeless style and contemporary appeal. They’ve channeled global chic from England’s 18th-century trade goods and paired Asian elegance with urns that represent the classical foundations of British and American architectural heritage.

WILLIAMSBURG is the brand of The Colonial Williamsburg Foundation, the large not-for-profit organization that keeps history alive by maintaining the country’s oldest and largest outdoor history museum. Here, visionaries like Thomas Jefferson and Patrick Henry debated the promise—and perils—of a revolution that would change the course of history and lead to the founding of the United States of America. Sales of WILLIAMSBURG products support the mission of historical education, preservation, and the nurture of active citizen engagement.

Established in 1936, WILLIAMSBURG invented licensing of museum-based home furnishings. Today they collaborate with over 40 licensees, including Robert Abbey, Inc., Benjamin Moore, and Global Views, to offer classic American style for the way we live today. To learn more about the licensing program, visit [www.WILLIAMSBURGbrand.com](http://www.WILLIAMSBURGbrand.com). ## MICHAEL BERMAN

Renowned interiors and product designer Michael Berman has created a portfolio of projects that span the globe. From residential homes to luxury hotels, his signature "Trans-Modern" American style reflects the designer's interest in history, art, architecture, and nature, forming a heady mix of completely livable – and widely celebrated – interiors, furniture, lighting, and textiles. His work strikes an uncommon balance between timeless style and of-the-moment relevance inspired by comfort, American Modernism, simplicity of form, and classic Hollywood glamour. Berman's work resonates with design industry colleagues for its attention to detail and usable scale. Michael has crafted an epic romance that blends the luxury of casual lifestyle and eclectic cinematic swank. "My objective is to create classics with restraint and elegance that will stand the test of time."
