

ASSEMBLY INSTRUCTIONS FOR YOUR BRONTE AL FRESCO TABLE LAMP

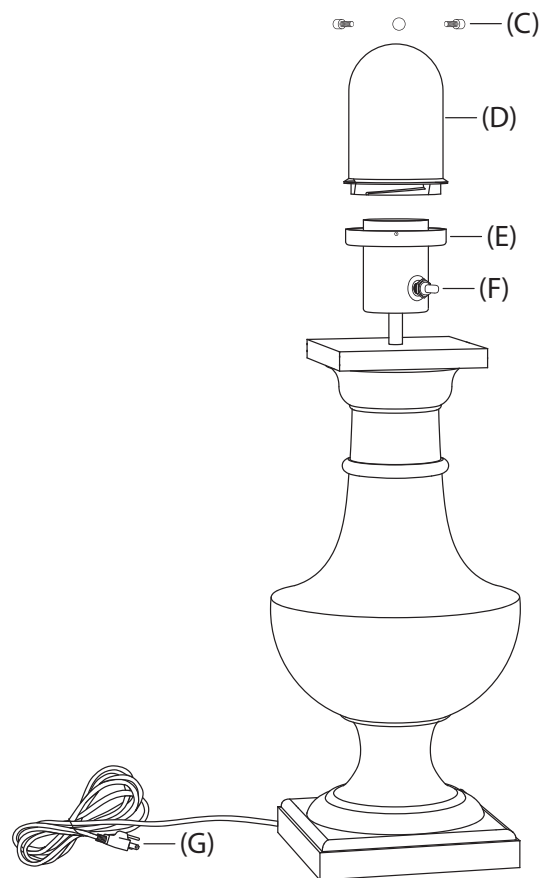

IMPORTANT SAFETY INSTRUCTIONS:

- * **WARNING:** When using outdoor portable lamps, basic safety precautions should always be followed to reduce the risk for fire, electric shock, and personal injury, including the following:
- * This product should only be used with a three-wire outdoor extension cord that have three-prong grounding plugs and grounding receptacles that accept the plug on this portable lamp. Never alter any part of lamp plug or the extension cord.
- * Use only with an extension cord that is marked and approved for outdoor use.
- * Ground Fault Circuit Interrupter (GFCI) protection is to be provided on the circuit or outlet to be used for the wet location portable lamp. Receptacles are available having built-in GFCI protection and are to be used for this measure of safety.
- * If using a receptacle outdoors that is exposed to weather or in other wet locations, a weatherproof type receptacle shall be used in accordance with local electrical code.
- * Switch power off and remove the plug from the outlet before replacing the bulb.

ASSEMBLY INSTRUCTIONS:

1. Remove all parts from carton and place them on a level work surface.
2. Insert one 100W Max. Type A bulb into the socket.
3. Place glass (D) into housing (E). Rotate glass clockwise to lock the glass into place.
4. Place shade (A) onto the lamp base. Shade ring (B) should fit over glass (D).
5. Secure the shade to the glass by turning shade screws (C).
6. Insert the three-prong plug (G) into a proper receptacle.
7. Use switch (F) to control the power to the lamp.

- * To clean, wipe lamp with a soft damp cloth. Do not use any chemical or abrasive cleaners as they may damage the finish.
