

ASSEMBLY AND INSTALLATION

INSTRUCTION

Please read carefully and save this instruction, as you may need them at a later date.

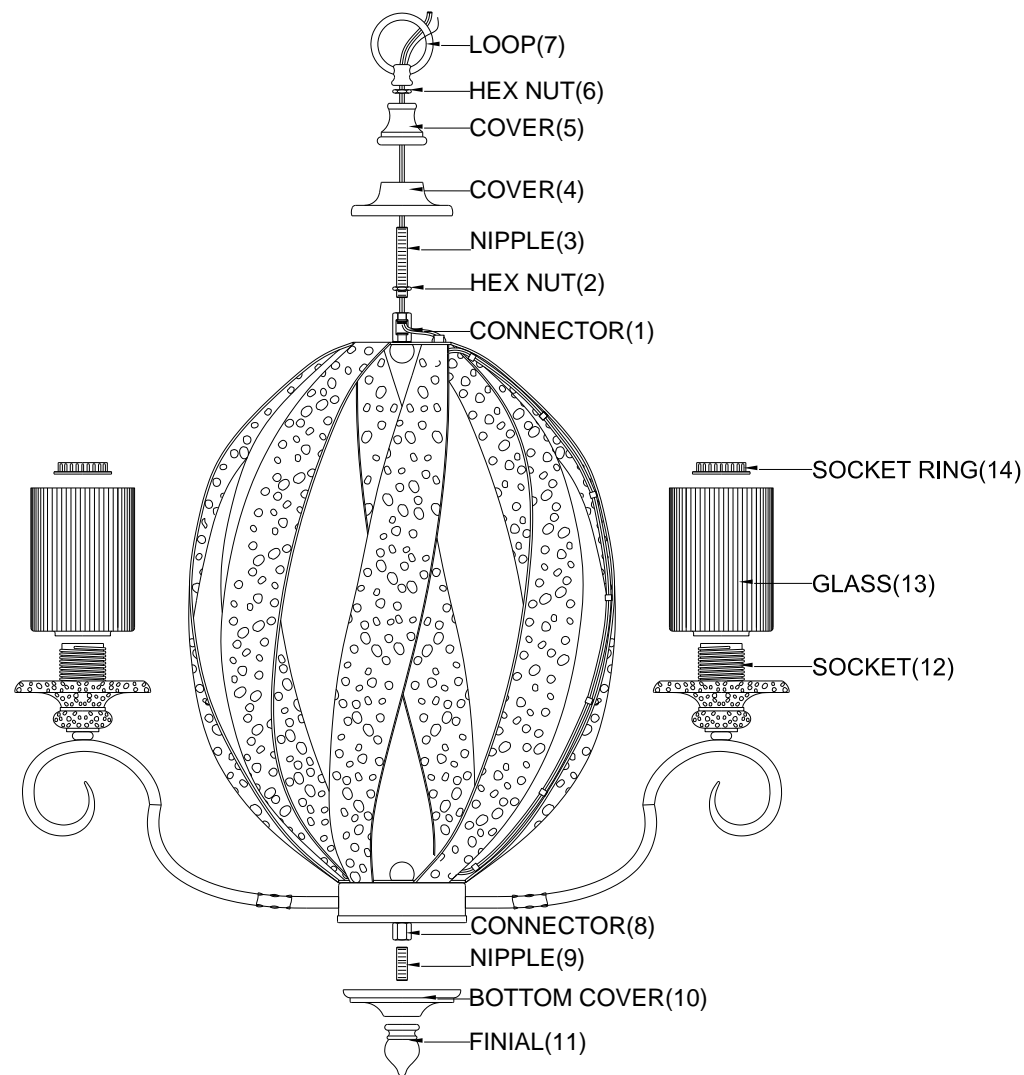

CAUTION

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock. If you are unfamiliar with proper electrical wiring connections, please consult of a qualified electrician before installing

Installing Step:

Remove the fixture and the mounting package from the box and make sure that no parts missing in the box.

1. Screw the Nipple (3) into the Connector (1) with Hex nut (2).
2. Attach Cover (4) and cover (5) onto the Nipple (3), then screw with the Hex nut and Loop (7) onto the Nipple (4).
3. Screw the Nipple (9) into the Connector (8).
4. Attach Bottom cover (10) onto the Nipple (9), then screw with the Finial (11).
5. Put the Glass (13) onto the Socket (12), then screw with the socket ring (14)
6. Install bulbs: (Bulbs not including in the package)
7. (Please don't exceed the maximum capacity that recommended on the Sockets)

INSTALLATION IS NOW COMPLETED.
