

## ASSEMBLY INSTRUCTIONS

### ITEM NO.: 1-40017-6-56

B → A → C → D → E → F → G

1. Carefully unpack and identify all parts referring to the illustration for parts identification.
2. Turn power to the installation point **OFF**.
3. Unravel the supply power and ground wires and pass them through the center hole of stem (B), center column (C), knurled nut (D) and fixture loop (E).
4. Thread the stem (B) into the coupling at center of fixture body (A).
5. Pass the center hole of center column (C) over stem (B), and then secure with knurled nut (D) and fixture loop (E). Hand tightens until snug.
6. Thread finial (F) onto the protruding nipple at the bottom of fixture body (A).
7. Place candle sleeve (G) over sockets as shown in the diagram.
8. Install proper bulbs (not provided) to sockets referring to the markings and/or labels on the fixture for maximum wattage.
9. Restore power to the installation point **ON**. Retain this sheet for future reference.
