

## ASSEMBLY AND INSTALLATION

### INSTRUCTION

*Please read carefully and save this instruction, as you may need them at a later date.*

### CAUTION

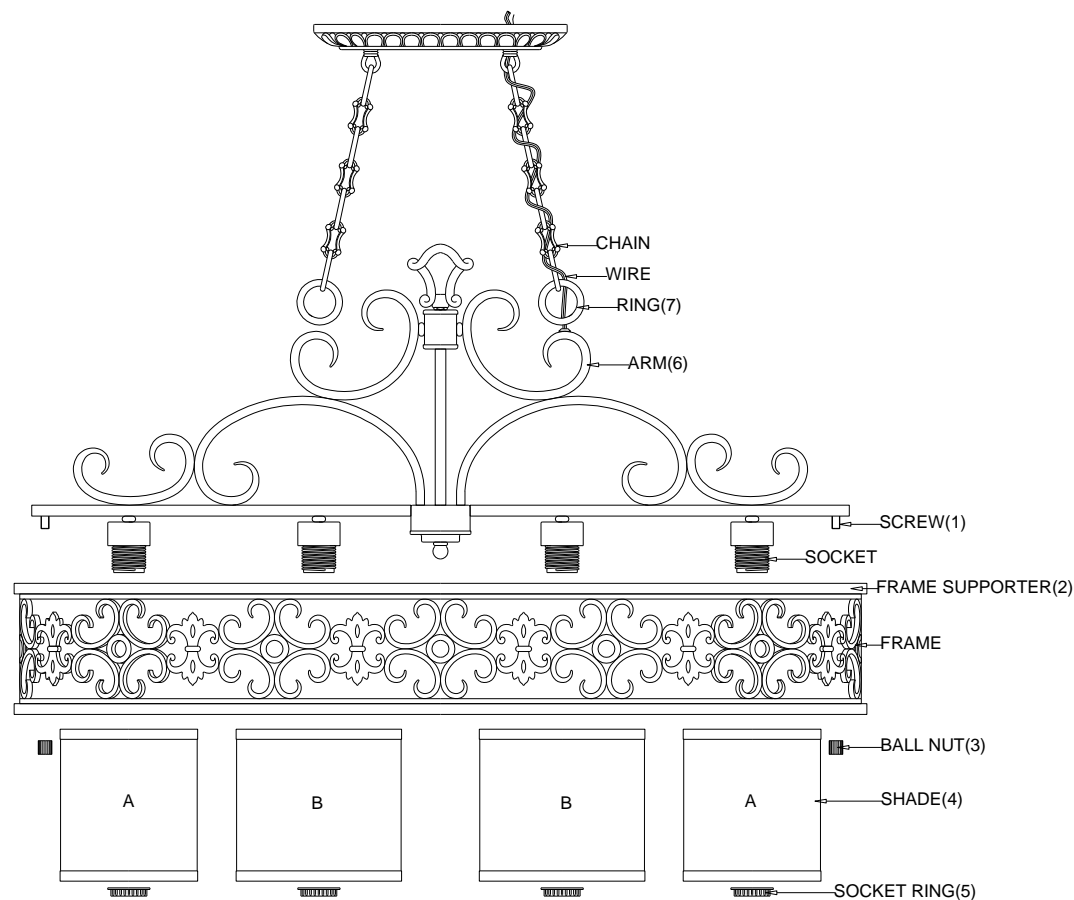

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock. If you are unfamiliar with proper electrical wiring connections, please consult of a qualified electrician before installing

### Installing Step:

Remove the fixture and the mounting package from the box and make sure that no parts missing in the box.

1. Put the fixture body to the frame, fix the screw (1) into the frame supporter (2), then screw them with the Ball nut (3) tightly.
2. Fix the shades (A&B) (4) onto the socket and screw them with the socket ring (5).
3. Install bulbs: (Bulbs not including in the package)  
(Please don't exceed the maximum capacity that recommended on the Sockets)
4. Use the Ring (7) through the Arm (6) to hang the fixture up.

INSTALLATION IS NOW COMPLETED.
