

ASSEMBLY AND INSTALLATION

INSTRUCTION

Please read carefully and save this instruction, as you may need them at a later date.

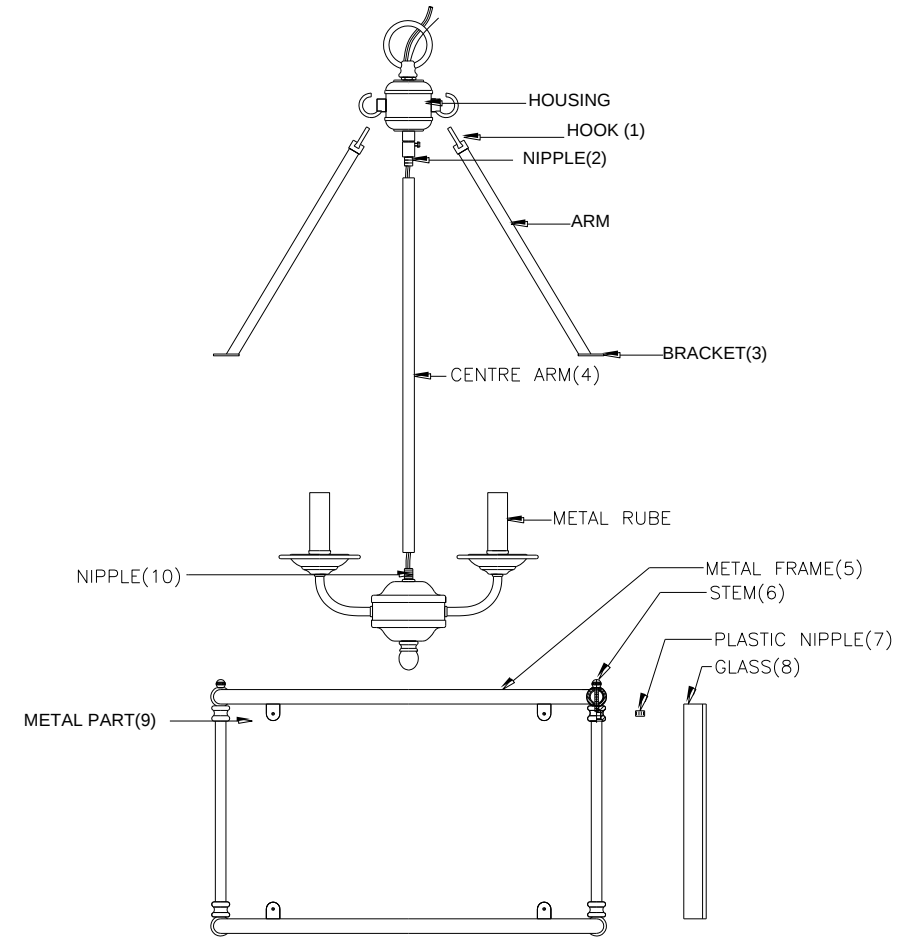

CAUTION

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock. If you are unfamiliar with proper electrical wiring connections, please consult of a qualified electrician before installing

Installing Step:

Remove the fixture and the mounting package from the box and make sure that no parts missing in the box.

1. Connecting the Hooks(1) on the Housing
2. Thread the Centre Arm(4) onto the Nipple (2) and Nipple (10)
3. Thread out the Stem(6), then take out of the Metal Frame(5).
4. Insert the Glass(8) into the Metal Parts(9), put the Metal Frame (5) onto the Glass(8), then thread the Plastic Washer(7) onto the inner side of Metal Parts(9)
5. Put the Bracket(3) aim at the hole on the Metal Frame (5) , then use the Stem(6) thread it tightly.
6. Install bulbs: (Bulbs not including in the package)
(Please don't exceed the maximum capacity that recommended on the Sockets)
