

## ASSEMBLY AND INSTALLATION

### INSTRUCTION

*Please read carefully and save this instruction, as you may need them at a later date.*

### CAUTION

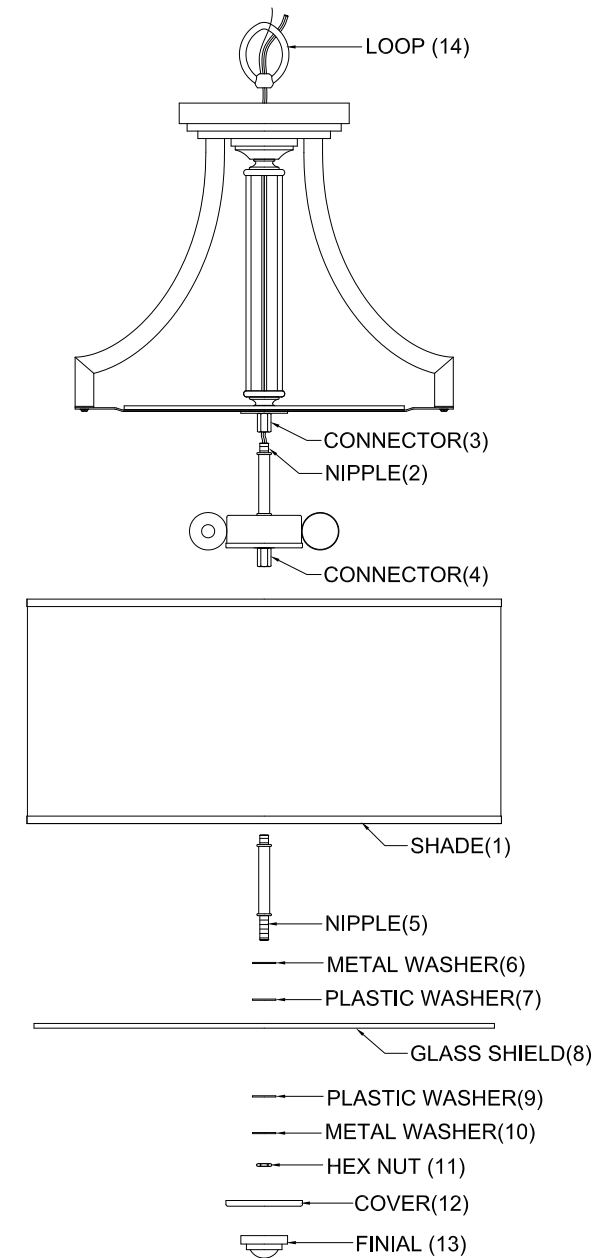

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock. If you are unfamiliar with proper electrical wiring connections, please consult of a qualified electrician before installing

### Installing Step:

Remove the fixture and the mounting package from the box and make sure that no parts missing in the box.

1. Put the shade (1) between the nipple (2) and connector (3), then tighten the Nipple (2) into the connector (1).
2. Screw the Loop (14) onto the nipple at the top of the fixture.
3. Install bulbs: (Bulbs not including in the package)  
(Please don't exceed the maximum capacity that recommended on the Sockets)
4. Screw the nipple (5) into the connector (4).
5. Attach Metal washer (6), Plastic washer (7), glass shield (8), Plastic washer (9) and Metal washer (10) onto the nipple (5), then tighten them with the Hex nut (11).
6. Attach Cover (12), then screw with the Finial (13).

INSTALLATION IS NOW COMPLETED.
