

Schonbek New Product Launch

October 2020

SCHONBEK
1870

We Are Schonbek

Schonbek was founded in 1870 by Adolph Schonbek, who left his grandfather's glassworks in Bohemia to pursue his dream of making custom crystal chandeliers. Since then, the company has been driven by a spirit of innovation and commitment to true craftsmanship. Over the last 150 years, Schonbek has made extraordinary strides having been granted more than 360 patents. Still today, the factory and headquarters remain in New York where Schonbek chandeliers are designed and handcrafted with care and passion.

With an intimate knowledge of crystals dating to the 19th century and a team of the most highly skilled artisans, Schonbek continues to be the source of the finest hand-crafted lighting worldwide. The greatest attention to detail comes through in the hand-finishing of exceptional materials.

With classic design at our heart, we continuously evolve to stay relevant for generations to come.

Classic, yet Cool

We are a premium American lighting brand, with authentic classic design at our core.

Classic, yet cool reflects our mission to be a truly timeless brand for any interior, ranging from traditional to modern. Dedicated to true craftsmanship and sophisticated design, our premium lighting brings both luxury and character to any home.

With our custom capabilities, we craft one-of-a-kind fixtures that create uniquely beautiful interiors.

A Customized Experience

In addition to developing four main “ready-to-wear” lighting collections, our in-house team of designers, engineers, and project managers relish the opportunity to take on custom projects.

Working closely with architects, interior designers, and individuals on projects of all sizes, we pursue each new engagement with the belief that the experience of creating a custom experience is as important as the final product.

Our Products

Premium quality, craftsmanship and unique designs.

Schonbek lighting is offered in four distinctive collections, all grounded in a sense of classic design and crafted with the greatest attention to quality and detail. Their styles – **American Traditional, American Romantic, American Rustic, and American Contemporary** – complement a range of architectural and interior designs.

Most importantly, Schonbek's collections enhance the creation of spaces that express the unique spirit of those who call them home. Spaces for the celebration of life's grandest occasions as well as its most cherished private moments.
