

IMPORTANT
TURN OFF THE POWER AT THE MAIN FUSE
OR CIRCUIT BREAKER BOX
BEFORE STARTING INSTALLATION

Carefully unpack and identify all parts before assembly. Bulb is not included.

1. Follow enclosed "Multiple Standard Installation Instructions" for electrical and fixture installation onto wall outlet box.
2. Install fitter onto bracket by fastening screw with finial.
3. Sit glass shade inside of fitter.
4. Install glass shade onto fixture plate by inserting ball cap screws into holes at both sides of glass shade and locking with hex nut from other side. Do not over tighten.
5. Install light bulb (not included). See relamping label at socket area for type and maximum allowed wattage.
